2. **Project Location:** The project is located on Bretano Way eastbound, opposite #130-132
3. **Project Description:** The project will replace a wood retaining wall that is failing behind the upslope embankment of the roadway. The purpose of the project is to stabilize the slope and prevent sliding and erosion of the upslope embankment.
4. **Public Agency Approving Project:** Marin County Department of Public Works
5. **Project Sponsor:** Marin County Department of Public Works
6. **CEQA Exemption Status:** Categorical Exemption 15301 Existing Facilities, Class 1 (C) Maintenance of existing highways, streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities.
