NOTICE OF EXEMPTION

Marin County
Environmental Coordination and Review

SHELLY SCOTT
MARIN COUNTY CLERK
BY: *Shelly Scott*, Deputy

October 18, 2024

1. **Project Name:** San Rafael Airport 2024 Levee Maintenance
2. **Project Location:** 400 Smith Ranch Road, San Rafael
APNs 155-340-14, 155-340-15
State Lands Granted in Trust to County (no APN)
3. **Project Description:** The project proposes the placement and compaction of approximately 3,000 cubic yards of earthen fill on a portion of an existing earthen flood control levee. The installation of construction-phase erosion and sediment control measures will precede the placement of fill, and disturbed site surfaces will be stabilized before project completion. The work is limited to the top and landward side of the levee. Approximately 3,500 lineal feet of levee will receive fill. Survey data indicates the levee has subsided about 1 to 2 feet below the elevation required to provide 1 foot of freeboard above the base flood elevation.
4. **Public Agency Approving Project:** Marin County Department of Public Works
5. **Project Sponsor:** Len Nibbi
6. **CEQA Exemption Status:** Categorical Exemptions 15301 – Existing Facilities
7. **Reasons for Exemption:** The work is limited to the maintenance of an existing levee, restores previously existing topography, is required for public health and safety purposes as it mitigates the effects of flood hazards on existing nearby buildings and facilities, and has no impact on the environment.
