<p>* The 2016 proposal accounts for 230 practices to be scheduled 7:00pm-9:00pm throughout the year. The 2024 proposal does not permit lights to be used for practices after 7:00pm. Therefore, we were able to reduce field light use for practices more than 48%.</p>						
<p>* The number of total games increased from the 2016 proposal to reflect the change in league and postseason format for Soccer and Lacrosse; fewer games are scheduled on Saturdays and there is a longer postseason.</p>						
<p>*Actual distribution of games may vary year to year based on the home/away scheduling of games.</p>
