**STATEMENT OF CANDIDATE FOR
United States Representative, District 2**

CHRIS COULOMBE

Occupation: Small Business Owner

Education and Qualifications: We clearly cannot continue down our present political path. We can and must choose a better future.

Partisan politics is destroying our environment, our economy, and our children's future. This is our country; it is time for all of us to stand.

It is no longer about party lines. It is about addressing our reality and our future as a country instead of seeking partisan gain.

We need clear-eyed leaders with well-rounded experience and vision ready to address those challenges and stay focused on the big picture... focused on moving America forward.

I was born and raised in Sonoma County. After earning my Eagle Scout, I enlisted in the military at 18 and returned home as an infantry captain 16-years later. I earned my BA in politics from the University of San Francisco and my MA in Diplomacy from Norwich University.

With 24-years of military, business, and policy experience to represent our 2nd District, and your help, we can protect the environment, rebuild small businesses and the middle class to better our children's future.

This is our home and we must protect it. Together, we can lead that change.

It is my honor to ask for your vote to serve our country again.

**STATEMENT OF CANDIDATE FOR
United States Representative, District 2**

JARED HUFFMAN

Occupation: U.S. Representative

Education and Qualifications: I'm getting things done despite political chaos in Washington. By putting people over politics, I've delivered results – the \$400M Golden Gate Bridge seismic retrofit, crucial funding for water supply improvements, zero-emission busses and charging infrastructure, public housing improvements, veterans housing, bike and pedestrian pathways, kelp forest restoration and more.

The prescription drug pricing reform I championed – the first in decades – caps insulin costs for seniors at \$35/month and starting next year total drug costs for seniors will never exceed \$2,000/year.

I spearheaded laws to modernize America's infrastructure – improving roads and bridges, connecting underserved communities with high-speed broadband, modernizing electrical grids, expanding renewable energy and building a national EV charging network.

We're finally taking bold action on the climate crisis and I'm leading the charge to do much more.

I work across the aisle whenever possible, as with my bipartisan initiative that raised IDEA special education funding by \$2.5 billion and my rural hospital bill.

But when democracy, the rule of law, or our fundamental freedoms are threatened, I fight back. That's why I founded the Stop Project 2025 Task Force - to confront the dangerous authoritarian scheme pushed by Donald Trump and his allies to eliminate checks and balances, impose a nationwide abortion ban, rollback civil rights and end Medicare as we know it. Not on my watch.

As a senior member of committees on Natural Resources and Transportation and Infrastructure, you can count on me to keep delivering results.

I would be honored by your vote.

**DECLARACIÓN DE CANDIDATURA PARA
Representante de los Estados Unidos, Distrito 2**

CHRIS COULOMBE

Ocupación: Propietario de un negocio pequeño

Educación y calificaciones: Está claro que no podemos seguir por el camino político actual. Podemos y debemos elegir un futuro mejor.

La política partidista está destruyendo nuestro medio ambiente, nuestra economía y el futuro de nuestros hijos. Este es nuestro país; es hora de que nos pongamos de pie.

Ya no se trata de los partidos. Sino que se trata de aceptar nuestra realidad y nuestro futuro como país, en lugar de buscar que gane un partido u otro.

Necesitamos líderes lúcidos con experiencia y visión integrales, listos para enfrentarse a esos desafíos y mantenerse enfocados en el panorama general... enfocados en hacer avanzar a los Estados Unidos.

Nací y me crié en el condado de Sonoma. Después de obtener mi Eagle Scout, me alisté en el ejército a los 18 años y regresé a casa como capitán de infantería 16 años después. Obtuve mi licenciatura en Política en la Universidad de San Francisco y mi maestría en Diplomacia en la Universidad de Norwich.

Con mis 24 años de experiencia militar, empresarial y política para representar a nuestro 2° distrito, y su ayuda, podemos proteger el medio ambiente, reconstruir las pequeñas empresas y la clase media, y mejorar el futuro de nuestros hijos.

Esta es nuestra casa, y debemos protegerla. Juntos podemos ser líderes de ese cambio.

Para mí es un honor pedir su voto para volver a servir a nuestro país.

**DECLARACIÓN DE CANDIDATURA PARA
Representante de los Estados Unidos, Distrito 2**

JARED HUFFMAN

Ocupación: Departamento Representante

Educación y calificaciones: Estoy haciendo mi trabajo a pesar del caos político en Washington. Al poner a las personas por encima de la política, he obtenido resultados: la rehabilitación sísmica del puente Golden Gate por valor de \$400 millones, el financiamiento crucial para mejoras en el suministro de agua, autobuses de cero emisiones e infraestructura de recarga, mejoras en viviendas públicas, viviendas para veteranos de guerra, senderos para bicicletas y peatones, restauración de bosques de algas marinas y mucho más.

La reforma de precios de medicamentos que requieren receta que defendí, la primera en décadas, limita los costos de la insulina para adultos mayores a \$35 al mes y, a partir del próximo año, el costo total de medicamentos para los adultos mayores no superarán los \$2,000 al año.

Impulsé leyes para modernizar la infraestructura de los Estados Unidos: mejora de carreteras y puentes, conexión con banda ancha de alta velocidad a comunidades desatendidas, modernización de las redes eléctricas, expansión de las energías renovables y edificación de una red nacional de recarga de vehículos eléctricos.

Finalmente estamos tomando medidas audaces para combatir la crisis climática y estoy liderando la lucha para hacer mucho más.

Colaboro con la oposición siempre que puedo, como ocurre con mi iniciativa bipartidista que aumentó los fondos de educación especial de IDEA en \$2.5 mil millones y mi proyecto de ley para hospitales rurales.

Sin embargo, cuando la democracia, la ley y nuestras libertades fundamentales se ven amenazadas, doy pelea. Es por ello que fundé el grupo de trabajo destinado a detener el Proyecto 2025, para hacer frente al peligroso plan autoritario impulsado por Donald Trump y sus aliados, que busca eliminar los controles y balances, imponer una prohibición al aborto en toda la nación, reducir los derechos civiles y poner fin a Medicare tal como lo conocemos. Esto no sucederá mientras yo esté a cargo.

En mi calidad de miembro principal de los comités de Recursos Naturales y de Transporte e Infraestructura, prometo seguir obteniendo resultados.

Para mí será un honor contar con su voto.

**STATEMENT OF CANDIDATE FOR
Member State Assembly, District 12**

DAMON CONNOLLY

Occupation: California State Assemblymember

Education and Qualifications: It is my privilege to serve as your State Assemblymember, ensuring that an experienced local voice represents Marin and Sonoma counties in Sacramento.

Endorsed by the Sierra Club, California Professional Firefighters, California Teachers Association, local Labor Unions, and Planned Parenthood Northern California Action Fund, I'm a principled progressive and consensus builder who gets things done.

In just one term in office, I've delivered real results, successfully getting five bills signed into law that will keep body armor out of the hands of mass shooters, ensure addictive tobacco products are not sold to teenagers, protect renters living in mobile home parks, reduce teen suicides, and cap the fees charged for residential solar projects. I also continue to build support for legislation to prevent toxic pesticide spraying along our highways.

On top of these legislative wins, I also secured \$5 million in state funding for projects throughout the North Bay for parks, firefighting equipment, affordable housing, and science education.

I have been fighting for our communities for 18 years, including service as a Marin County Supervisor, Vice-Mayor of San Rafael, School Board President, California Deputy Attorney General and now, as your State Assemblymember and local voice in Sacramento.

My values are North Bay values, forged by living here for more than 25 years. As your State Assemblymember, I will continue to fight for our priorities in Sacramento: wildfire prevention and home insurance, clean energy, environmental protection, protecting women's healthcare, equal rights, and more.

I hope to earn your vote to continue this important work together.

**DECLARACIÓN DE CANDIDATURA PARA
Miembro de la Asamblea Estatal, Distrito 12**

DAMON CONNOLLY

Ocupación: Asambleísta del Estado de California

Educación y calificaciones: Es un privilegio para mí servir como asambleísta estatal, asegurando que una voz local experimentada represente a los condados de Marin y Sonoma en Sacramento.

Respaldado por el Sierra Club, los Bomberos Profesionales de California, la Asociación de Maestros de California, los sindicatos locales y el Fondo de Acción del Norte de California de Planificación Familiar, soy un progresista de principios y un creador de consenso que sabe obtener resultados.

En apenas un mandato, he logrado resultados reales: logré que se promulguen cinco proyectos de ley que mantendrán los chalecos antibalas fuera del alcance de los tiradores en masa, que se garantice que no se vendan productos de tabaco adictivos a los adolescentes, que se proteja a los inquilinos que viven en parques de casas móviles, que se reduzcan los suicidios de adolescentes y que se limiten los cargos que se cobran por proyectos solares residenciales. Además, sigo ganando apoyo para que se implementen leyes que eviten que se rocíen pesticidas tóxicos en los márgenes de nuestras autopistas.

Además de estas victorias legislativas, también obtuve \$5 millones en fondos estatales destinados a proyectos en todo el Norte de la Bahía para parques, equipos contra incendios, viviendas de precio accesible y educación en ciencias.

Llevo 18 años luchando por nuestras comunidades, incluido el servicio como supervisor del Condado de Marin, Vicealcalde de San Rafael, Presidente de la Junta Escolar, Fiscal General adjunto de California y ahora, como su Asambleísta Estatal y voz local en Sacramento.

Mis valores son los valores del Norte de la Bahía, forjados en los más de 25 años que llevo viviendo en ese lugar. Como su Asambleísta Estatal, continuaré luchando por nuestras prioridades en Sacramento: prevención de incendios forestales y seguros para el hogar, energía limpia, protección ambiental, protección de la atención médica de las mujeres, igualdad de derechos y más.

Espero ganar su voto para seguir trabajando juntos.

AMOS KLAUSNER

Occupation: Parent

Education and Qualifications: As a parent of a high school student, a former school board trustee for the Lagunitas School District, husband to a longtime Marin County public school teacher, and current member of the Marin County Committee on School District Reorganization, I understand the issues that impact our school districts, our parent communities, and our children.

My time as a school board trustee coincided with the COVID-19 outbreak. It was challenging for everyone, especially our kids. It required open communication across stakeholder groups and difficult decision making around health and safety, financial accountability, and academics. With a public school teacher in the family, I appreciate how hard our teachers work and how important great teachers are to our children's success.

As part of a county committee, I listen and respond to the needs of taxpayers. If approved, the current Tamalpais Union High School District bond proposal brings an obligation on the part of administrators and the governing board to assure families and taxpayers that this money is well spent. If elected, I will apply tested leadership experience to the district's use of bond proposal monies as well as the annual budget to assure that every dollar benefits our kids and communities.

Education and Qualifications: I grew up and attended public schools in Santa Barbara, California. I earned my Bachelors degree in European History and Italian Studies and my Masters of Business Administration from the University of Pennsylvania.

I moved to San Francisco in 1996 and served over 25 years in leadership roles in technology and financial services. With this experience, I will bring a strong focus on fiscal responsibility, technology investments, and support for our students, teachers and staff.

PHILIP J FEFFER

Occupation: Attorney / Parent

Education and Qualifications: BA, CUNY Hunter College; JD, Georgetown University Law Center

Current: Vice Chair, Fairfax Planning Commission; Upper Ross Community Representative, Countywide Priority Setting Committee

High-quality, public education is essential. It's not only a moral obligation to provide all children the opportunity to learn in a safe, nurturing environment – it also makes good common sense: educated children become adults who create scientific breakthroughs, make political progress, and empathize with different cultures and backgrounds.

My oldest attends Manor, and I'm delighted by the care and instruction provided by her teachers. They inspire students' curiosity, compassion and critical thinking. Our teachers are real-life magicians, but that magic is at risk: RVSD educators are woefully underpaid, and not because RVSD can't afford to pay them more. As a member of the RVSD Budget Advisory Committee, I have utilized skills honed as a corporate attorney to evaluate the minutiae of the financial projections of the RVSD Board, and I have voiced my disagreement with the current Board's conclusions. We can and should pay our teachers a living wage, and as a Board Member I'll work tirelessly to that end.

My commitment to this community is steadfast. I'll be a dad in this district for the next 12 years, and I hope to serve this community for the duration and beyond. PJFeffer4RVSD.com

RACHEL LITWACK

Occupation: Incumbent

Education and Qualifications: Strong public schools are a backbone of our community and, as a Trustee and Board President, I am encouraged by the positive changes we have made in the past 3 years. I am seeking re-election to continue improving how RVSD serves our students and community. I have volunteered for 13 years in our schools: in classrooms, parent clubs, and events. I served on the YES Board, the Citizens Oversight Committee for Measure A Funds and four school funding campaigns.

I am invested in seeing our students get access to the best education possible and ensuring that teachers and students feel supported in the learning environment. Fiscal responsibility is critical and goes hand-in-hand with retaining our excellent educators. I will continue to improve community outreach and offer transparent, timely and consistent communication from the District, particularly on decisions that affect our lives.

I believe in collaboration, listening, a can-do attitude, data driven, solution-based approaches, and I have the passion, dedication and willingness to do the hard work to make the best possible decisions for, and with, our community.

I would be honored to serve our students, teachers, schools and community as Trustee and humbly ask for your vote.

PHILIP J FEFFER

Ocupación: Abogado / Padre de familia

Educación y calificaciones: Licenciatura en Derecho, CUNY Hunter College; Doctorado en Derecho, Georgetown University Law Center

Actual: Vicepresidenta de la Comisión de Planificación de Fairfax; Representante de la Comunidad de Upper Ross en el Comité de Determinación de Prioridades del Condado

La educación pública de alta calidad es esencial. Brindarles a todos los niños la oportunidad de aprender en un entorno seguro y enriquecedor no solo es una obligación moral, sino que también tiene sentido común: los niños que reciben una educación se convierten en adultos que crean innovaciones científicas, progresan políticamente y empatizan con diferentes culturas y orígenes.

Mi hija mayor asiste a Manor, y estoy encantado con el cuidado y la instrucción que le proporcionan sus maestros. Inspiran la curiosidad, la compasión y el pensamiento crítico de los estudiantes. Nuestros maestros son una especie de magos, pero esa magia está en peligro: Lamentablemente, los educadores del RVSD están mal pagados, y no porque el RVSD no pueda permitirse remunerarlos mejor. Como miembro del Comité Asesor de Presupuesto del RVSD, he utilizado habilidades perfeccionadas como abogado corporativo para evaluar las particularidades de las proyecciones financieras de la Junta del RVSD, y he expresado mi desacuerdo con las conclusiones de la Junta actual. Podemos y debemos pagar a nuestros maestros un salario digno, y como miembro de la Junta trabajaré incansablemente para conseguirlo.

Mi compromiso con esta comunidad es inquebrantable. Seré padre de un estudiante en este distrito durante los próximos 12 años, y espero servir a esta comunidad durante ese tiempo y más allá. PJFeffer4RVSD.com

For the past year and a half, I have had the privilege of serving as an appointed board member for the Ross Valley School District. The experience over the past 18 months has solidified my desire to become an officially elected school board member. It has been a rewarding, yet challenging experience, and I continue to learn new things about the district, our community, and our students every month.

Knowing the district is facing declining enrollments and increased costs, the next four years will require the board to listen to our community and act decisively when needed.

When facing challenging discussions and decisions, I will continue to put current and future students at the forefront of my decision-making process. I look forward to the opportunity to serve our amazing Ross Valley community for the next four years.

Ocupación: Titular

Educación y calificaciones: Las escuelas de nuestros vecindarios son más que solo lugares de aprendizaje; son el corazón de nuestra comunidad, que une a familias diversas a través de experiencias compartidas. Como madre y voluntaria comunitaria con una carrera dedicada a mejorar la equidad educativa, me postulo para la reelección porque creo en el poder de la educación pública como transformadora de vidas. Tengo un historial comprobado de servicio para entender los problemas, participar en conversaciones difíciles, tomar decisiones también difíciles y concretar lo que ha sido necesario concretar.

Como madre en Manor, Whitehill y Archie, he sido miembro de la junta, presidenta de la Comisión de Planificación y presidenta de la PTA, directora del Lap-a-thon, y he contribuido a ligas deportivas y comités de equidad locales. A partir de valores de equidad, compasión, valentía, humildad e integridad, creo que el deber de todos es desmantelar las barreras sistémicas para garantizar que cada niño alcance su máximo potencial. HEATHER MCPHAIL SRIDHARAN

Ocupación: Empresaria

Educación y calificaciones: U.C. Berkeley, B.A.; Oxford University, M.Phil

Vivimos en un lugar muy especial. Me estoy postulando para Supervisora para garantizar que conservemos lo que hace que Marin sea único, mientras atendemos los importantes desafíos a los que nos enfrentamos en la actualidad, incluyendo: (a) vivienda de precio accesible, especialmente para nuestra fuerza laboral y adultos mayores, (b) estrategias de cambio climático, particularmente contra incendios forestales y el control de inundaciones, (c) responsabilidad fiscal de manera que no desperdiciemos el dinero de los contribuyentes y (d) un compromiso comunitario receptivo.

Supervisor del Condado de Marin, Distrito 2**

BRIAN COLBERT

Egad: 56

Ocupación: Concejal de San Anselmo, Miembro del Comité Directivo del Plan Estratégico de Vitalidad Económica del Condado de Marin

Educación y calificaciones: Me comprometo a reforzar los valores fundamentales de Marin y a aportar soluciones enérgicas a los problemas apremiantes a los que se enfrenta nuestro Condado.

Esta es la razón por la que me convertí en Concejal del Ayuntamiento de San Anselmo y por la que me postulo para Supervisor del Condado de Marin.

Desde mi elección al Concejo Municipal en 2017, San Anselmo ha prosperado. Tenemos un centro vibrante y un sólido sentido de comunidad.

Tengo un historial comprobado de equilibrio entre liderazgo y colaboración.

Durante los desafíos sin precedentes del COVID, colaboré con funcionarios del condado y otras ciudades y poblados para garantizar que Marin siguiera siendo seguro y que nuestros negocios locales sobrevivieran.

También dirigí el proyecto Reimagine Creek Park, el cual sigue en curso y creó un espacio seguro de reunión al aire libre cuando más se necesitaba el contacto entre los miembros de la comunidad.

Como Presidente de la Autoridad de Transporte de Marin y antiguo Presidente del Concejo de Alcaldes y Concejales del Condado de Marin, he participado activamente en la resolución de los desafíos a los que se enfrenta Marin.

Cuento con el apoyo de los Bomberos Profesionales de Marin porque me concentraré en la preparación para emergencias, especialmente los incendios forestales. Como su Supervisor daré prioridad a nuestra economía local, protegeré los espacios al aire libre y reduciré la congestión del tráfico.

Es un honor para mí contar con el apoyo del Congresista Jared Huffman, del Asambleísta Damon Connolly, de la Alcaldesa de San Rafael Kate Colin y de los Supervisores del Condado de Marin Katie Rice, Stephanie Moulton-Peters, Mary Sackett y Eric Lucan. GUY MEYER

Occupation: Writer, Talkshow Host

Education and Qualifications: I moved to San Anselmo in 1975. I have worked in San Anselmo natural food stores and supermarkets on behalf of sustainability through good food for 5 decades. I am an ecology minded citizen who led the community effort that removed the toxic herbicide 'Roundup' from use in our town's parks and medians in 1993. I host a local Cable TV Show from San Rafael's Community Media Center, California Times, and write a web journal of the same name.

Small town Democracy needs defending and participation. Decisions affecting families, business people and our quality of life are being made by our non-elected public servants and this needs to be checked. An open door at Town Hall should be the standard that all citizens take pride in. This goes for hours of operation of the town's offices too. We must build our future on the principles of Liberty, Ecology and Democracy in the face of County and State authorities that blindly impose their will and have stripped municipalities of time-honored rights. We, the people of this community must not give these rights up. Self-determination is a practical tool of sustainability.

Straight ahead is the path. Democracy and Responsibility work together.

KURT JOHNSON

Occupation: Community Resilience Director

Education and Qualifications: My wife and I moved to San Anselmo in 2013 for the community, open space and local schools. Our son attends Wade Thomas elementary.

I am running for Town Council because I believe in public service and want to strengthen our community's climate resilience. I previously chaired the Town's Climate Commission, writing the Town EV plan and advocating for a downtown solar microgrid which will be built in 2025 to reduce the Town's energy bills and provide clean emergency back-up power. Much more can be built, funded by record-setting federal incentives.

As San Anselmo updates its General Plan, we have an opportunity to plan for addressing traffic and housing while protecting open space, reducing emissions and strengthening our resilience to climate impacts: heat waves, wildfire, flooding, and power outages. Working together as a community, we can chart a course that protects our quality of life for future generations.

I've worked in climate my entire career. After ten years as a renewable energy developer and eleven years working at the US Environmental Protection Agency, I'm currently the Community Resilience Director at a climate non-profit. I hold degrees from Stanford and Johns Hopkins.

I am honored to have the support of trusted local leaders, including former mayors and community leaders.

KURT JOHNSON

Ocupación: Director de Resiliencia Comunitaria

Educación y calificaciones: Mi esposa y yo nos mudamos a San Anselmo en 2013 por la comunidad, los espacios abiertos y las escuelas locales. Nuestro hijo asiste a la escuela primaria Wade Thomas.

Me postulo para el Concejo Municipal porque creo en el servicio público y deseo reforzar la resiliencia climática de nuestra comunidad. Anteriormente dirigí la Comisión de Clima de la Ciudad, redacté el plan de vehículos eléctricos de la ciudad y abogué por una microrred solar en el centro, que se construirá en 2025 para reducir nuestras facturas de energía y proporcionar energía limpia de respaldo para emergencias. Hay mucho más que se puede lograr, financiado con incentivos federales sin precedentes.

A medida que San Anselmo actualiza su Plan General, tenemos la oportunidad de planificar maneras de mejorar el tráfico y la vivienda, al tiempo que protegemos los espacios abiertos, reducimos las emisiones y fortalecemos nuestra resiliencia a los impactos climáticos: olas de calor, incendios forestales, inundaciones y cortes de energía. Trabajando juntos como comunidad, podremos trazar un rumbo que proteja nuestra calidad de vida para las generaciones futuras.

He trabajado en el ámbito del clima durante toda mi carrera profesional. Después de 10 años como desarrollador de energía renovable y 11 años trabajando en la Agencia de Protección Ambiental de los EE.UU., me desempeño actualmente como Director de Resiliencia Comunitaria en una organización sin fines de lucro dedicada al clima. Cuento con títulos universitarios de las universidades de Stanford y Johns Hopkins.

Es un honor para mí contar con el apoyo de líderes locales de confianza, entre ellos, exalcaldes y líderes comunitarios.

FORD GREENE

Occupation: Trial Lawyer

Education and Qualifications: I served as one of your town council members for 15 years. In politics we often witness how age can be disadvantageous. No one escapes Time, but it can show us whence we came and the path forward.

Elected officials often forget what public service means. They forget who they represent, what their purpose is and how to accomplish it.

I valued you by being prepared, clearly stating my positions regarding issues, actively listening and, when appropriate, changing my mind. Respecting voters' intelligence, I protected public feedback, efficiently running meetings as Mayor evenhandedly, openly, with warmth and humor. Cooperating with staff and council, I modelled good government.

Consistently independent, I uphold what is right; was the only councilmember who voted to protect Memorial Park from becoming an ineffective flood control basin and against an unnecessary \$9,000,000 park tax.

I want to go where the committed, involved citizens of San Anselmo want our town to go. I want to move per our citizens' desires, not per an elected official's agenda.

I oppose extreme rent control pushed by Democratic Socialists and seek to recapture Creek Park Plaza from County malfeasance.

EILEEN BURKE

Occupation: Councilmember

Education and Qualifications: It has been an honor to serve as San Anselmo's Mayor, and I am proud of my work to improve our town over the last four years. I want to keep working to keep San Anselmo the family friendly, safe and community focused place we are lucky to call home. I will continue to focus on the basics all residents care about: roads, parks, fire and flood preparedness, and the environment. And I'll build on the things that make our town special — recreational facilities and community events.

Recreation will continue to be a priority. I led the first two phases of the renovation of Memorial Park – rebuilding the “dinosaur” playground and installing new drainage, irrigation and grass on the fields. The fields hadn't been renovated in almost 100 years! I'm now working on phase three, resurfacing and improving the tennis court to snack shack area. This will occur over the next couple years, and I'll see the project through to completion.

I'll continue to support Live on the Avenue, our amazing summer concert series that brings our community together, holiday events, and all types of recreational opportunities for all ages.

I promise to keep San Anselmo working for you.

EILEEN BURKE

Ocupación: Miembro del Concejo

Educación y calificaciones: Ha sido un honor servir como alcaldesa de San Anselmo y estoy orgullosa de mi trabajo en los últimos cuatro años para mejorar nuestra ciudad. Quiero seguir trabajando para que San Anselmo siga siendo el lugar familiar, seguro y centrado en la comunidad que tenemos la suerte de llamar hogar. Seguiré enfocándome en los aspectos básicos que son importantes para todos los residentes: carreteras, parques, preparación para incendios e inundaciones, y el medio ambiente. Además, continuaré con el desarrollo de las cosas que hacen que nuestra ciudad sea especial: instalaciones recreativas y eventos comunitarios.

La recreación seguirá siendo una prioridad. Dirigí las dos primeras fases de la renovación del Memorial Park: la reconstrucción del “dinosaurio” (la zona de juegos), y la instalación de nuevo drenaje, riego y césped en los campos. ¡Los campos no se habían renovado en casi 100 años! Ahora estoy trabajando en la fase tres, repavimentando y mejorando la cancha de tenis y el área del puesto de refrigerios. Esto ocurrirá en el próximo par de años y llevaré el proyecto hasta su finalización.

Seguiré apoyando “Live on the Avenue” (nuestra increíble serie de conciertos de verano que unen a nuestra comunidad), además de eventos festivos y todo tipo de oportunidades recreativas para todas las edades.

Prometo trabajar para que San Anselmo siga dando buenos resultados para usted.

IMPARTIAL ANALYSIS BY COUNTY COUNSEL

TAMALPAIS UNION HIGH SCHOOL DISTRICT

BOND MEASURE

MEASURE B

This Measure was placed on the ballot by the Board of Trustees of the Tamalpais Union High School District.

Pursuant to Article XIII A (1)(b)(3) of the California Constitution, if this measure is approved by 55% of the votes cast, the Tamalpais Union High School District will be authorized to incur bonded indebtedness in multiple series of up to two hundred eighty-nine million dollars (\$289,000,000) with an interest rate not to exceed the limit set by law.

Money raised by bond sales may only be used for the purposes and projects stated in the Bond Project List set forth in Measure B. These purposes and projects include, but are not limited to, replacing and/or expanding classroom buildings at Tamalpais High School, Redwood High School and Archie Williams High School, as well as other priority projects. As required by law, Measure B prohibits using bond proceeds for teacher and administrator salaries or other operating expenses.

The District estimates the average projected tax rate necessary to fund the bonds will be \$17.60 per \$100,000 of assessed value of property while the bonds are outstanding. This estimate is a projection, and could go up or down, depending on a number of factors including the timing and amount of bond sales, and changes in assessed property values in the District. If all the bonds are sold, the District estimates total debt service (including the principal and interest) will be approximately \$579,200,000. If the bond issuance is authorized, it will commence in fiscal year 2025-26 and the final fiscal year in which it is anticipated that the revenue will be collected is 2052-53.

The Measure requires annual independent financial audits and spending review by an independent citizens' oversight committee.

TAX RATE STATEMENT

MEASURE B

An election will be held within the boundaries of Tamalpais Union High School District (“District”) on November 5, 2024 to authorize the sale of up to \$289 million in bonds to finance facilities as described in the measure. If the bonds are approved, the District expects to sell the bonds in multiple series. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property located within the District. The following information is provided in compliance with Sections 9400 to 9404, inclusive, of the California Elections Code.

1. The best estimate from official sources of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of the election, a projection based on experience within the same jurisdiction and other demonstrable factors, is estimated to be \$17.60 per \$100,000 of assessed valuation. The final fiscal year in which the tax is anticipated to be collected is 2052-53.

2. The best estimate from official sources of the highest tax rate that would be required to be levied to fund this bond issue, and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of filing this statement, a projection based on experience within the same jurisdiction and other demonstrable factors, is estimated to be \$17.60 per \$100,000 of assessed valuation first occurring in fiscal year 2025-26.

3. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$579.2 million.

Voters should note that the estimated tax rate is based on the ASSESSED VALUE of taxable property on the Marin County official tax rolls, not on the property’s market value. Property owners should consult their own property tax bills to determine their property’s assessed value and any applicable tax exemptions. For illustration purposes only, a home with the current approximate median residential assessed value in the District of \$1.1 million (as of 2023-24) would pay approximately \$194 in initial annual property taxes based on the tax rate of \$17.60 per \$100,000 of assessed value. Annual increases in the assessed value of a property (without an ownership change or reassessment) are limited to 2% and other limitations provided by Proposition 13 from 1978.

Attention of all voters is directed to the fact that the foregoing information is based upon the District’s projections and estimates only, which are not binding upon the District. The actual tax rates, debt service and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend

upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Dr. Tara Taupier, Superintendent

In accordance with Education Code Section 15122.5:

Approval of Measure B does not guarantee that the proposed project or projects in the Tamalpais Union High School District that are the subject of bonds under Measure B will be funded beyond the local revenues generated by Measure B. The school district’s proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

ARGUMENT IN FAVOR OF MEASURE B

Vote YES on B: a responsible plan to replace outdated and deteriorating high school classrooms and prevent cuts to instructional programs.

Our local high schools in Tamalpais Union High School District consistently **rank among the best.**

Aging and deteriorating classrooms, labs, and school facilities need urgent upgrades to **keep students safe and support quality instruction.**

Most local high schools are over 60 years old and Tam High is over 100 years old. The last improvement bond passed almost **two decades ago.**

Following the narrow defeat of a bond measure earlier this year, Tamalpais Union High School District leaders **worked with the community** to develop a **scaled-down proposal focused on only the most essential projects. Measure B is the result.**

Measure B is 45% smaller than the last measure and will provide \$289,000,000 in locally controlled funding that is **equitably distributed** to specific projects **at each high school.**

The State does not fund facility improvements so **upgrades to local high schools require local funding.** Without Measure B, **funds would have to be diverted from teaching and classroom instruction** to urgent roof and HVAC repairs for schools to function.

Voting Yes on B funds only urgent and essential improvements:

- Replacing the most outdated and obsolete classrooms, science labs, classroom technology, and equipment
- Repairing leaky roofs and inefficient heating, cooling, electrical, and plumbing systems
- Converting outdated and deteriorating temporary portable classrooms to permanent structures

Mandatory fiscal accountability and local control:

- A **detailed project list** describes specifically how funds would be used
- **Independent oversight, audits, and public spending** disclosures ensure funds are spent as promised
- **Every penny is locally controlled** and cannot be taken by the State
- No funds can be used for administrator salaries

Protecting quality education in local schools is **good for students, good for our community, and good for home values.**

Join trusted local leaders in voting Yes on B.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE B

No rebuttal to argument in favor of Measure B was filed.

ARGUMENT AGAINST MEASURE B

People have reached their limits and ability to pay more taxes, Measure B directs money to aspirational “vanity” projects. There are no senior exemptions and no plans to ensure improved academic performance.

No money goes to reversing weak academic performance. California’s school-dashboard shows TUHSD performing poorly <https://www.caschooldashboard.org/> Instead of a reasonable parcel tax for improved academics, that allows senior exemptions, the Board opts for new construction at Redwood: a \$73,100,000 kitchen remodel, new multipurpose “eating area” and replacing art and music buildings with new, larger ones. These are not “critical” safety needs as the Board claims in order to scare voters.

While identifying only \$80,000,000 in “critical” needs for roofs and HVAC earlier this year, now they redefine everything they want as a critical need. That balloons the bond measure to \$289,000,000 (\$579,200,000 with interest). Much of what they deem “critical” is of their own creation – deferring maintenance while funding ten new senior administrator positions. Students deserve that money directed back to their education.

Measure B offers no exemptions for seniors or low-income families who will be pushed out of Marin by increasing taxes, insurance, and utility bills.

When enrollment is declining and many students are struggling, new fancy buildings shouldn’t be the top priority.

To regain Archie Williams High School area voters, who were shortchanged in failed Measure A, this bond adds a non-critical \$11,300,000 AWHs theater renovation. AWHs voters are still shortchanged at receiving only 14.3% of the bond proceeds.

Who wants all this Tam Union construction? Most of the roughly \$270,000 contributed to political campaigns to pass these 2024 Tam Union bond measures comes from companies who will profit financially.

The board must prioritize fixing Tam Union’s REAL problems: declining academic performance, not “vanity” projects. Voters will approve a smaller bond or parcel tax if there’s demonstrated need.

REBUTTAL TO ARGUMENT AGAINST MEASURE B

The opponents are wrong and are spreading misinformation.

Misinformation: Local high schools are performing poorly.

Truth: Academic performance in our schools is among the best in the State and Nation. The opposition is intentionally misrepresenting TUHSD’s academic performance via the Dashboard. 98% of TUHSD students graduate, 80% meet University of California entrance requirements, and admission rates to elite colleges rival that of private schools.

Misinformation: Measure B funds nonessential “vanity” projects.

Truth: Following the narrow defeat of Measure A, TUHSD listened to the community and reduced the proposal by 44% to focus on the most urgent and essential needs (tuhsdfacilities.org). The opponents’ misleading description of a \$73 million kitchen remodel is in fact a multi-pronged project to replace several of Redwood’s oldest, deteriorating, and obsolete buildings. They must be replaced, not remodeled, as required by state law, and do not expand capacity.

Misinformation: Archie Williams High School gets 14% of the funding.

Truth: Archie Williams High gets 21% of Measure B funding, which is roughly equivalent to its percentage of district enrollment at 25%.

Misinformation: Measure B offers no exemptions.

Truth: State law does not allow exemptions for school facilities bonds and bonds are the only practical way to fund school improvements. However, the cost to taxpayers is based on the assessed value of properties so longtime residents and owners of less expensive homes pay the least.

Vote Yes on B — a modest and sensible plan that will provide essential upgrades to support safety and quality education, while protecting devastating cuts to teachers, staff, and programs.

FULL TEXT OF MEASURE B

LOCAL HIGH SCHOOL HIGH PRIORITY CLASSROOM REPAIR AND UPGRADE MEASURE

By approval of this measure by at least fifty-five percent (55%) of the registered voters voting thereon, the Tamalpais Union High School District (“District”) shall be authorized to issue and sell bonds of up to \$289,000,000 in aggregate principal amount to provide financing for the specific school facilities projects listed below in the Bond Project List, subject to all of the accountability safeguards specified herein.

SECTION I: KEY FINDINGS

- Tamalpais Union High School District (“District”) strives to provide every student with a high quality education in a safe and modern learning environment, so that they graduate with the skills and knowledge needed for success in college and future careers.
- Tam High is over 100 years old, Redwood and Archie Williams are over 60 years old, and the last significant repairs and upgrades were completed almost 20 years ago.
- Working with architects and school construction experts, the District conducted a thorough assessment of every classroom and school facility to identify and prioritize needed repairs and upgrades.
- Outdated and deteriorating classrooms, science labs, career training facilities, and failing school infrastructure directly impact student safety, learning and the quality of education available to local students.
- Many classrooms and school buildings that have been used daily for decades by thousands of high school students are deteriorating, worn out, have leaky roofs, are not accessible for students with disabilities, and have aging and inefficient plumbing, electrical, heating and cooling systems.
- Outdated classrooms, labs and job training facilities were built to meet past educational standards and need upgrades to support current standards for advanced instruction in science, technology, engineering, arts and math.
- Outdated and deteriorating classrooms and school buildings present risks to student safety and campus security, requiring upgrades to remove hazardous materials like asbestos and lead, improve campus security, and meet current fire and earthquake safety standards.
- All students need appropriate sheltered eating areas to ensure safety during inclement weather including rain, wildfire smoke and extreme heat.
- Because the State does not provide sufficient or dedicated funding for school facility improvements, local funding is needed to address urgent repairs and upgrades at local high schools.
- Without local funding from a voter-approved school improvement bond measure, limited funding that currently supports teacher salaries, educational programming and learning materials will have to be diverted to urgent and essential repairs to roofs, heating

and ventilation systems that cannot be delayed.

- Diverting approximately \$80 million in instructional funding to urgent facility repairs would likely require significant reductions to academic programs, student support services, and teaching positions.
- To repair and upgrade outdated and failing classrooms, labs and school facilities, and protect limited funding for teaching and academic programs, the Board of Trustees believes that dedicated funding for facility improvements from a voter-approved bond measure is needed.
- Following the narrow defeat of the Measure A bond proposal on the March 2024 ballot, the District listened to community feedback and developed a reduced bond proposal that eliminates lower priority improvements and focuses on the most urgent and essential identified repairs and improvements.
- In developing a revised and reduced bond proposal, the Board has sought to ensure that funds are allocated consistently across the five District high schools on a per-student basis, while prioritizing the most urgent identified needs at each campus.
- In developing a revised and reduced bond proposal, the Board has sought to ensure that cost of the proposed measure is less than is paid by taxpayers toward school facility improvements in other comparable Marin County and Bay Area school districts.
- In developing a revised and reduced bond proposal, the District has developed a detailed school by school project list with updated cost estimates focused on the most urgent high priority repairs and upgrades.
- The revised bond proposal will address priority improvements, such as:
 - Replacing outdated and obsolete classrooms, science labs, technology, and equipment;
 - Repairing or replacing leaking and deteriorating roofs;
 - Repairing or replacing outdated and inefficient heating, cooling, electrical and plumbing systems;
 - Updating career and job training classrooms to meet current educational standards;
 - Updating art, music and performing arts classrooms; and
 - Replacing outdated, deteriorating and failing temporary portable classrooms.
- Proceeds from a voter-approved school facilities improvement bond measure would be controlled locally for District high schools only and could not be taken away by the State.
- None of the money raised may be used for administrators’ salaries or pensions or other school operating expenses.
- An independent citizens’ oversight committee, mandatory annual audits and public disclosure of all spending will help ensure funds are only spent on voter-approved projects.

SECTION II: ACCOUNTABILITY MEASURES

The provisions in this section are included in this proposition in order that the voters and taxpayers of the District may be assured that their money will be spent to address specific facilities needs of the District, all in compliance with the requirements of Article XIII A, section 1(b)(3) of the State Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified in Section 15264 et seq. of the California Education Code).

Evaluation of Needs. The Board of Trustees has evaluated the facilities needs of the District and has identified projects to finance from a local bond measure at this time. The Board of Trustees has certified that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Independent Citizens' Oversight Committee. The Board of Trustees shall establish an independent Citizens' Oversight Committee in accordance with Education Code sections 15278-15282 and applicable Board policy, to ensure bond proceeds are expended only for the school facilities projects listed in the Bond Project List. The committee shall be established within sixty (60) days of the date when the Board of Trustees enters the results of the election in its official minutes.

Annual Performance Audit. The Board of Trustees shall conduct or cause to be conducted an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects described in the Bond Project List.

Annual Financial Audit. The Board of Trustees shall conduct or cause to be conducted an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent.

Annual Report to Board. Upon approval of this measure and the sale of any bonds approved, the Board of Trustees shall take actions necessary to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Superintendent shall cause a report to be filed with the Board of Trustees no later than January 1 of each year, commencing on the first January 1 after bonds have been issued and proceeds spent, stating (1) the amount of bond proceeds received and expended in the past fiscal year, and (2) the status of any project funded or to be funded from bond proceeds. The report may be incorporated into the annual budget, annual financial report, or other appropriate routine report to the Board.

SECTION III: BOND PROJECT LIST

This Bond Project List, which is an integral part of this proposition, describes the specific projects the District proposes to finance with proceeds of the bonds. All information contained within this "Section III: Bond Project List" comprises the list and description of permissible projects and expenses that may be paid from bond proceeds.

In order to meet all identified facility needs, the District intends to complete projects using a combination of funding sources, including joint use funds or contributions, development impact fees, and state funding (if available).

The District will pursue state matching funds if and when they become available, and if received, they will be used for projects on the Bond Project List or other high priority capital outlay expenditures as permitted by law. Approval of this measure does not guarantee that all projects on this Bond Project List at all listed sites will be funded beyond the local revenues generated by this measure. The District's proposal for the projects assumes the receipt of some state matching funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure. Bond funds may be used to meet any matching share contribution requirements.

Specific projects that may be funded by bond proceeds include projects in Category A and Category B, list below. Category A projects are intended to be completed at the site indicated. Category B projects may be completed at any and all school sites, buildings and facilities where such project is determined necessary or required, including without limitation, adult education facilities, administrative and support buildings, and alternative education program facilities. Whether and how a project is described in Category A does not limit the District's ability to perform a Category B project at any particular site.

Specific projects to be funded by the bond measure include the following:

Category A: Site-Specific Campus Upgrades to Prepare Students for College and Careers and Comply with Safety, Accessibility and Educational Standards

ARCHIE WILLIAMS HIGH SCHOOL

- Renovate and expand Performing Arts Center, including:
 - Renovate / expand existing theater and music and drama classroom building, new lobby with restrooms, new dressing rooms, upgrade performance lighting;

- Upgrade/modernize athletic fieldhouse;
- Replace storage buildings.

REDWOOD HIGH SCHOOL

- Construct Music, Fine Arts Classroom Buildings and Multi-Purpose Eating Area, including:
 - New music classroom building
 - New arts and ceramics classroom building
 - New multi-purpose sheltered eating area
 - Temporary housing in leased portables
 - Hazardous materials abatement and demolition of existing buildings
 - Replacement of site utilities, including sewer line replacement and relocation of main electrical service and emergency generator
- Replace Ghilotti Field athletic turf;

- Expand/renovate existing kitchen, dining, and food service areas;
- Resurface track;
- Replaster pool.

TAMALPAIS HIGH SCHOOL

- Replace Science, Technology, Engineering, Arts & Math (STEAM) Building, including:

 - Extensive grading and site utilities.
- Replace elevator for disability access and fire escapes;
- Upgrade/modernize kitchen, food service and dining areas;
- Resurface track;
- Replaster pool;

Category B: Districtwide Campus Upgrades to Support Student Health, Safety and Security

The following projects are authorized to be completed at each, any or all of the District's schools, sites, buildings and facilities if and where determined necessary:

- Replace deteriorating and leaky roofs;
- Replace heating, ventilation, and air conditioning (HVAC) systems;
- Repair and replace deteriorating student restrooms;
- Replace, upgrade plumbing and irrigation systems, including associated asphalt repairs;
- Upgrade restrooms and path of travel to improve access for students with disabilities and meet current Americans with Disabilities Act requirements;
- Provide solar photovoltaic parking structures and electric vehicle charging stations to offset energy usage, reduce carbon footprint and promote sustainable practices.
- Improve technology infrastructure to increase bandwidth Districtwide and enhance network-based content and curriculum delivery; acquire and/or improve classroom technology, upgrade backbone systems wireless access points, switches, and MDF/IDF data rooms with environmental controls.

Listed projects, repairs, improvements, rehabilitation projects and upgrades will be completed only as needed, and the listing of projects does not imply a particular prioritization among such improvements; however, the Board's top priorities for improvements include the renovation and expansion of the performing arts center at Archie Williams High School; the construction of the music, fine arts classroom buildings and multi-purpose eating area at Redwood High School and the replacement of the STEAM building at Tamalpais High School. Projects may be done in phases, based on Board of Trustees priorities available funding. Decisions regarding the scope, timing, prioritization

or other facets of project implementation will be made solely by the Board of Trustees by subsequent action. Where terms such as "renovate," "upgrade," "replace," and "improve" are used in the Bond Project List, the Board of Trustees has the discretion to determine the best method for accomplishing the project's objective, including the use of new construction. For any listed project involving renovation or modernization of a building or the major portion of a building, the District may proceed with new replacement construction instead (including any necessary demolition), if the District determines that replacement and new construction is more practical than renovation, considering the building's age, condition, expected remaining life, comparative cost and other relevant factors. In addition, where feasible, projects may be completed in partnership with other public or private agencies on a joint use basis using bond proceeds, subject to federal tax rules and regulations.

Each project is assumed to include its share of costs of bond issuance, architectural, engineering, legal and similar planning costs; litigation costs; construction management; bond project consultants; staff development and training expenses associated with learning construction techniques and approaches and new bond-funded equipment and systems; the furnishing and equipping of all projects, including equipment to maintain facilities in a safe and clean condition; and a customary contingency for unforeseen design and construction costs. Payment of the costs of preparation of facilities planning and project implementation studies, feasibility and assessment reviews, master planning, environmental studies, permit and inspection fees, Division of State Architect (DSA) - related requirements, studies and assessments, including ADA and seismic, and temporary housing and relocation costs for dislocated programs or activities caused or necessitated by projects on the Bond Project List are permissible bond expenditures.

The final cost of each project will be determined as plans are finalized and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Necessary site preparation, grading or restoration may occur in connection with acquisition of property, new construction, modernization, renovation or remodeling, or installation or removal of modular classrooms, including ingress and egress, removing, replacing or installing irrigation, utility lines, trees and landscaping, relocating fire access roads and acquiring any necessary easements, leases, licenses or rights of way to the property.

SECTION IV: ADDITIONAL SPECIFICATIONS

No Operating Expenses. Proceeds from the sale of Bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation or replacement of school facilities on the Bond Project List, including the furnishing and equipping of said school facilities, or the acquisition or lease of real property for said school facilities, and not for any other purpose, including teacher or administrator salaries and other school operating expenses in accordance with applicable law.

Single Purpose. All of the purposes enumerated in this proposition shall be united and voted upon as one single

proposition, pursuant to Section 15100 of the California Education Code, and all the enumerated purposes shall constitute the specific single purpose of the bonds and proceeds of the bonds shall be spent only for such purpose.

Other Terms of the Bonds. The bonds may be issued and sold in several series, and in accordance with a financing plan determined by the Board of Trustees pursuant to requirements of law. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum and with a maximum term not exceeding the statutory maximum, provided that the average useful life of bonds sold will not exceed one hundred twenty percent (120%) of the average life of the projects being financed or as otherwise provided by federal tax law. Bond funds may be used to reimburse the District for Bond Project list expenditures incurred prior to the election and bond issuance, in accordance with federal tax law.

Attention of all voters is directed to the fact that the financial information contained in this measure is based upon the District's projections and estimates only, which are not binding upon the District, nor are the summary or average payment estimates, if any, provided in the Ballot Label. The actual tax rates, debt service and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

In preparing this information, the District obtained reasonable and informed projections of assessed property valuations that took into consideration projections of assessed property valuations made by the County Assessor, if any, in accordance with Education Code Section 15100(c).

IMPARTIAL ANALYSIS BY TOWN ATTORNEY

TOWN OF SAN ANSELMO

MEASURE N

RENT STABILIZATION ORDINANCE

REFERENDUM MEASURE

INTRODUCTION: This Measure was placed on the ballot following the submission of a referendum petition signed by the requisite number of San Anselmo voters. If approved by a majority of voters voting on the question, the Measure would enact an Ordinance establishing limits on annual rent increases for some residential rental property in the Town of San Anselmo.

BACKGROUND: On April 9, 2024, the Town Council adopted Ordinance No. 2024-1185, enacting San Anselmo Municipal Code Title 20 “Rent Stabilization and Tenant Protection” Chapter 1 “Rent Stabilization” (“Ordinance”). On May 2, 2024, a referendum petition against the Ordinance was filed and subsequently found to contain sufficient signatures. On June 11, 2024, the Town Council voted to place the Ordinance on the November 5, 2024 ballot.

MEASURE: Under State law, the Ordinance will become effective only if a majority of Town voters voting on the Measure approve the Measure.

The Ordinance would apply to some residential rental properties of three or more units. The Ordinance prohibits property owners from raising rents above 60% of the Consumer Price Index or a total of 5%, whichever is lower. Rents may be increased once per year. For tenancies commencing before June 21, 2023, base rent (the level from which rent may be increased) is the rent effective on June 21, 2023. For tenancies commencing on or after June 21, 2023, base rent is the initial rent. An owner may not charge separate utility charges in addition to rent unless the utilities are separately metered and in the tenant’s name. Owners must pay fees that may be adopted by the Town Council at a future date and must give notice of the Ordinance to tenants.

Under the Ordinance, an owner is entitled to a reasonable rate of return on their property. If an owner believes that the allowable rent does not provide a reasonable rate of return, the owner may file a Fair Return Petition (“Petition”) to increase rent beyond the amount permitted under the Ordinance. The Petition process provides tenants with notice and an opportunity to be heard. The Planning Director or

designee shall hear the Petition and makes a decision based on factors including, but not limited to: changes in taxes, capital improvements, insurance costs, and required repairs. The owner or tenant may appeal the decision to the Planning Commission.

The Ordinance exempts units including: 1) rental units constructed after 1995; 2) deed-restricted affordable housing; 3) hotels and institutional facilities; 4) dormitories; 5) single-family homes and condominiums; 6) accessory and junior accessory dwelling units; and 7) properties with two or fewer rental units.

THE VOTE: A “yes” vote shall be counted in favor of the adoption of the Ordinance. A “no” vote shall be counted against the Ordinance’s adoption. This Measure will be approved if it receives a majority of “yes” votes.

ARGUMENT IN FAVOR OF MEASURE N

Vote YES on Measure N to extend local rent control to San Anselmo's multifamily rental units.

For decades, local renters have been on the frontlines of Marin's housing crisis. Over half of San Anselmo renters are rent burdened, paying over 30% of their wages towards rent. It's hardly surprising: according to County census data, from 2009–2019, median rent for a 2-bedroom apartment increased 91%, far outpacing inflation. In that same window, median wages for a Marin County renter—\$67,000—stagnated. Covid-19 has only added to the strain.

We can do better. Measure N keeps our community strong by applying local rent control to San Anselmo's medium-to-large sized rental properties. Local rent control is a time-tested tool that keeps young families, essential workers, and fixed-income seniors in place. Hundreds of thousands of renters across the Bay Area are protected by local rent control, with people-first policies that limit increases to a percentage of inflation (CPI). San Anselmo renters deserve such protections.

Measure N offers a balanced solution. It caps annual rent increases at a percentage of CPI while guaranteeing landlords a "fair return." This means that while renters are protected from unreasonable hikes, landlords can still recover costs and maintain profitability, ensuring a sustainable rental market. This balance is key to maintaining San Anselmo's diversity and vibrancy.

Crafted with extensive input from renters, homeowners, and landlords, Measure N addresses the specific needs of San Anselmo. This thoughtful process resulted in a policy that applies only to larger multifamily units, which are increasingly owned by out-of-town corporations, while exempting single-family homes, ADUs, JDUs, and duplexes, which are often owned by local "mom-and-pop" landlords. Importantly, Measure N requires no new taxes, with any costs covered by a modest fee paid only by the affected properties.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE N

Common sense San Anselmo Democrats are voting NO on Measure N. Excessive Berkeley-style rent control is not reasonable or right for our Town.

Measure N's proponents are hiding the details. They don't tell you how drastic Measure N is. It would cap annual rent increases at 60% of CPI, meaning a landlord couldn't keep pace with inflation. Forcing landlords to lose money isn't a fair or balanced response to housing affordability. It's a recipe for disaster.

The current California statewide rent control law, the 'Tenant Protection Act of 2019,' has been a success in San Anselmo. It has allowed for a steady available supply of rental properties at reasonable rent-controlled prices. The current law strikes the right balance in protecting renters and promoting neighborhood housing. We don't need Measure N.

Excessive rent control will discourage rental investments leading to less rental options. As proven in Berkeley, this leads to drastically increased rents for new tenants trying to move into the area. It also leads to run-down, unattractive rental properties.

Measure N is also bad for the Town. San Anselmo would need to devote significant staff time and cost to managing a whole new bureaucracy and rental registry. Further, impacted rental properties would see lowered assessments and the Town would lose property tax revenue. We're a small town and are dependent on property taxes for a great deal of our services. We can't afford to lose this revenue source.

Keep San Anselmo renter friendly.

ARGUMENT AGAINST MEASURE N

We already have statewide rent control in California. We don't need Measure N. Gavin Newsom championed rent control via the Tenant Protection Act in 2019 (Civil Code § 1947.12). This law protects tenants by limiting annual rent increases. It also promotes rental housing by allowing landlords to make some profit, keep up with inflation and survive. The current law strikes the right balance and works.

Measure N, conceived by the Berkeley Rent Board and pushed in San Anselmo by the Democratic Socialists of America, is completely unbalanced and harmful to San Anselmo. It goes way too far.

Measure N allows annual rent increases of only 60% of the local consumer price index. Without a tenant-specific meter it prohibits any utility pass through to the tenant irrespective of extent of the tenant's utility use. It also prohibits pass through of insurance increases. Utility and insurance costs have skyrocketed. Forcing landlords to absorb all these increased costs is neither balanced nor fair.

Our Mom-and-Pop landlords aren't gouging, corporate monsters. They allow many who otherwise wouldn't be able to afford San Anselmo to live in our community. We need the rentals we have. Measure N would reduce rental housing. The housing affordability crisis is a community problem. Forcing housing providers to lose money year after year via extreme rent control is a bad answer. If all profit is eliminated, rental properties aren't maintained or improved. This lowers property values for all properties in San Anselmo, including single family homes. Alternatively, rentals get converted to condos, forcing lower income tenants out of the area.

San Anselmo should tackle the affordable housing issue as a community by building affordable housing. Singling out landlords for an unfair allocation of the burden is wrong.

Protect rental housing.

REBUTTAL TO ARGUMENT AGAINST MEASURE N

California enacted statewide rent control in 2020. The need was clear: In the decade prior, Marin's median rent increased 91%, from \$1,658 (2009) to \$3,170 (2019). Measure N's opponents assert that because there's a statewide law, Measure N is unnecessary. But did Sacramento politicians really "strike the right balance" as claimed?

Here's the math. State law caps annual increases at 5% plus inflation. Let's pretend the state law was applied retroactively, starting in 2009. Taking the 2009 baseline (\$1,658) applying an annual increase of 5% plus historical inflation rates, the monthly rent in 2019 would come to \$3,431—more than doubling in a decade under Sacramento's policy.

Measure N is a local response to local conditions. It keeps our community intact and prevents displacement for families and seniors who can't afford these excessive rent increases. That's why local organizations like the Marin Democratic Party (DCCM) and Sierra Club Marin support Measure N.

Although Measure N caps rent increases at a percentage of inflation (learn why: www.sananselmoforrentcontrol.com/faqs), it's not true that Measure N "forces" landlords to absorb increased costs and lose profits. Landlords are constitutionally entitled to recover all costs—including insurance and utilities—and maintain fair returns on their investments.

We do agree that the housing crisis is a community problem. San Anselmo's already adjusting to state housing mandates. Homeowners have been doing their part, accepting next-door rezonings and streamlined developments. Measure N proposes that mid- and large-scale landlords do their part, too, so that as San Anselmo prepares to welcome new neighbors, we stay welcoming for those already here.

The restrictions contained herein, including but not limited to the residential rental cap, will not affect the physical environment. Additionally, the Ordinance is exempt

from CEQA pursuant to the “common sense” exemption, CEQA Guideline section 15061(b)(3) because it can be seen with certainty that there is no possibility that the Ordinance will have a significant effect on the environment. There are no unusual circumstances, or other factors per CEQA Guideline section 15300.2, that support an exception to this exemption.

SECTION 2. Findings Incorporated. The above recitals are true and correct and incorporated as findings herein.

SECTION 3. General Plan Consistency. Town Council of the Town of San Anselmo does hereby find that the Ordinance is consistent with the General Plan, Housing Element, Policy 4 “Support the Preservation of Housing” because rent caps and rent stabilization protections will help preserve affordable housing.

SECTION 4. Ordinance Amendment. A new Title 20 to the San Anselmo Municipal Code shall be added entitled: “Rent Stabilization and Tenant Protections”.

SECTION 5. Ordinance Amendment. A new Chapter “Rent Stabilization” shall be added to Title 20 to read as follows:

20-1.101 Title. This Chapter shall be known as the “San Anselmo Rent Stabilization Ordinance”.

20-1.102 Applicability. This Chapter shall apply to property with three (3) or more residential rental units, none of which are exempt pursuant to Section 20-1.110, are located on the same parcel or lot, or contiguous parcels or lots, under common ownership.

20-1.103 Purpose. The purpose of this Chapter is to protect residential tenants from excessive rent increases, promote the long-term sustainability for tenants in the Town of San Anselmo, and preserve affordable rental housing while ensuring that landlords receive and maintain their ability to receive a fair rate of return on their rental property.

20-1.104 Definitions. For the purposes of this Chapter the following definitions apply:

(a) “Annual Allowable Rent Increase” shall mean the allowable increase in Rent permitted within a twelve (12) month period as set forth in Section 20-1.105(b).

(b) “Base Rent” shall mean the reference point from which the lawful Rent shall be determined and adjusted in accordance with this Chapter.

(1) Base Rent for tenancies that commenced before June 21, 2023 shall be the Rent in effect on June 21, 2023.

(2) Base Rent for tenancies commencing on or after June 21, 2023 shall be the initial rental rate charged upon the initial occupancy. For purposes of this Section “initial rental rate” means only the amount of Rent actually paid by the tenant for the initial term of the tenancy.

(c) “Fair Return Petition” shall mean a petition made by an owner of residential real property for a Rent increase in excess of that provided in Section 20-1.105 of this Chapter in order to obtain a Reasonable Rate of Return on property.

(d) “Reasonable Rate of Return” shall have the meaning assigned to the term by California and federal courts in precedential published opinions regarding rent stabilization ordinances for residential tenancies. Generally, within the context of a rent stabilization ordinance, the term refers to a

rate of just and reasonable return on an owner’s property that is high enough to encourage and reward efficient management, discourage the flight of capital, maintain adequate services, and enable operators to maintain and support an owner’s credit status, but not so high as to defeat the purpose of curtailing excessive Rents and Rental increases.

(e) “Rent” shall mean all periodic payments and all nonmonetary consideration, including, but not limited to, the fair market value of goods and services rendered to or for the benefit of the owner under an agreement concerning the use or occupancy of residential real property, including, but not limited to, all payment and consideration demanded or paid for parking, pets, furniture, and subletting.

20-1.105 Stabilization of Rent.

(a) Upon the effective date of this Chapter, no owner of residential real property shall charge Rent in an amount that exceeds the sum of the Base Rent plus any lawful Rent increases implemented pursuant to this Chapter.

(b) Annual Allowable Rent Increase.

(1) The Annual Allowable Rent Increase shall be equal to sixty percent (60%) of the percentage increase in the Consumer Price Index (All Urban Consumers, San Francisco-Oakland-Hayward region, or any successor designation) rounded to the nearest one-tenth of a percent, or 5%, whichever is lower.

(2) More than one Rent increase within a twelve (12) month period is prohibited, unless approved by a Fair Return Petition pursuant to this Chapter or required by State law.

20-1.106 No Direct Charge for Utilities. A residential property owner may not charge a tenant for utility charges in addition to Rent. In order to be paid by a tenant, the utility service must be separately or individually metered and the utility account must be registered to the tenant and not the residential property owner.

20-1.107 Reasonable Rate of Return. The Annual Allowable Rent Increase is found and determined to provide a Reasonable Rate of Return on property. Notwithstanding the foregoing, any owner of residential real property who contends that the Annual Allowable Rent Increase prevents the owner from receiving a Reasonable Rate of Return on property may file a Fair Return Petition to increase the amount of Rent pursuant to the provisions in this Chapter.

20-1.108 Fair Return Petition for Rent Increase.

(a) An owner of residential real property may petition for a Rent increase in excess of the Annual Allowable Rent Increase in order to obtain a Reasonable Rate of Return on the owner’s property.

(b) A Fair Return Petition shall be on a form prescribed by the Planning Director or designee. Within five (5) calendar days of submitting a Fair Return Petition to the Town, the owner shall send a copy of the petition to the applicable tenant(s) by first class U.S. mail and promptly provide proof of such mailing to the Town. The tenant(s) will then have thirty (30) calendar days from the date of mailing a copy of the petition to reply or provide additional materials to the Town in response to the Fair Return Petition. All Fair Return Petitions pertaining to tenants in the same building will be consolidating for hearing.

(c) There is a rebuttable presumption that the Annual Allowable Rent Increase provides owners with a Reasonable

Rate of Return on property. The owner has the burden of proof to rebut this presumption and show that a further increase in Rent is necessary to provide a Reasonable Rate of Return. The owner shall provide at his/her/their sole cost and expense, all documentation requested by the Planning Director or designee, or Planning Commission as applicable, to establish that the requested increase in Rent is necessary to provide a Reasonable Rate of Return on property including, but not limited to, an independent financial report and verified financial data.

(d) The owner of residential property shall pay all applicable fees as established by Town Council resolution to file a Fair Return Petition.

(e) In reviewing a Fair Return Petition, the Planning Director or designee shall consider relevant factors including but not limited to the following:

(1) Changes in the Consumer Price Index for All Urban Consumers in the San Francisco Oakland-Hayward, CA Area published by the Bureau of Labor Statistics.

(2) The length of time since the last determination on a Fair Return Petition, or the last Rent increase if no previous Fair Return Petition has been made.

(3) The completion of any capital improvements or rehabilitation work related to the residential real property specified in the Fair Return Petition, and the cost thereof, including materials, labor, construction interest, permit fees, and other items deemed appropriate.

(4) Changes in property taxes or other taxes related to the subject property.

(5) Changes in the cost of property-related insurance for the subject property.

(6) Changes in the Rent paid by the landlord for the lease of the subject property.

(7) Changes in the utility charges for the subject property paid by the owner, and the extent, if any, of reimbursement from the tenants.

(8) Changes in reasonable operating and maintenance expenses.

(9) The need for repairs caused by circumstances other than ordinary wear and tear.

(10) The amount and quality of services provided by the owner to the affected tenant(s).

(f) A Fair Return Petition shall be decided by the Planning Director or designee within sixty (60) calendar days from the date said petition has been deemed complete, including proof of service to tenant(s), unless such a decision cannot be made within this time frame due to reasons beyond the Town's control, including but not limited to, failure to receive requested information. The decision shall be emailed and sent by first class U.S. mail with proof of mailing to the property owner, the property owner's designated representative(s) for the Fair Return Petition, if any, the applicable tenant(s), and the designated representative of the tenant(s), if any.

20-1.109 Appeal of Fair Return Petition for Rent Increase.

(a) The property owner and/or affected tenant(s) may appeal the Fair Return Petition decision of the Planning Director

or designee to the Planning Commission within thirty (30) calendar days of the mailing of the Planning Director's or designee's decision. The Planning Commission shall review the petition de novo pursuant to the factors in Section 20-1.108(e) of this Chapter. The Planning Commission may reverse, uphold, or modify the Planning Director's or designee's decision.

(b) The Planning Commission shall consider an appeal at a noticed public meeting within sixty (60) calendar days of receiving such appeal, unless such consideration cannot be made within this time frame due to reasons beyond the Town's control, including but not limited to, failure to receive requested information.

(c) The Planning Commission shall make a final decision in writing within thirty (30) calendar days of the closing of the appeal hearing unless such a decision cannot be made within this time frame due to reasons beyond the Town's control, including but not limited to, failure to receive requested information. The appellant shall pay a fee as established by Town Council resolution. Notwithstanding any provision contained in the San Anselmo Municipal Code, the decision of the Planning Commission shall be the final administrative decision of the Town with no right of review by the Town Council.

(d) The party appealing the Fair Return Petition decision shall pay all applicable fees as established by Town Council resolution.

20-1.110 Exemptions. The provisions of this Chapter regulating the amount of Rent that a residential real property owner may charge shall not apply to the following:

IMPARTIAL ANALYSIS BY TOWN ATTORNEY
TOWN OF SAN ANSELMO
MEASURE O
JUST CAUSE EVICTION
AND TENANT PROTECTION

INTRODUCTION: This Measure was placed on the ballot by the Town Council of the Town of San Anselmo. If approved by a majority of San Anselmo voters voting on the question, the Measure would enact an ordinance establishing just cause eviction restrictions and tenant protections for some residential rental property in the Town of San Anselmo.

MEASURE: Under State law, a majority of San Anselmo voters can approve the Measure, which would adopt an ordinance adding Chapter 2 “Just Cause Eviction and Tenant Protection” to San Anselmo Municipal Code Title 20 “Rent Stabilization and Tenant Protections” (“Ordinance”).

If adopted, the Ordinance would apply to some residential rental properties of three or more units. The Ordinance would require property owners to have “just cause” to terminate a tenancy, which includes “no-fault” and “at-fault” reasons. No-fault reasons include: 1) intent of the owner/owner’s family to occupy the property; 2) withdrawal of the property from the rental market; 3) a government or court order to vacate the property; or 4) intent to demolish or substantially remodel the property. At-fault reasons include: 1) failure to pay rent; 2) breach of a material lease term; 3) tenant refusal to execute a lease extension/renewal upon similar terms; 4) criminal/unlawful activity on the property; or 5) refusal to allow the owner required access to or possession of the property.

Under the Ordinance, the owner must provide tenant notice of the Ordinance and availability of relocation assistance. For no-fault evictions, a tenant who has occupied property for at least 90 days is eligible for relocation assistance from the owner. If the owner gives notice of 120 days or more, relocation assistance is equal to 2 months’ rent; if the owner gives less than 120 days notice, relocation assistance is equal to 3 months’ rent. For all no-fault evictions, the owner must give a minimum 90-day notice of termination.

The Ordinance also provides that a tenant evicted for a no-fault reason shall be entitled to return to the unit upon the

ARGUMENT IN FAVOR OF MEASURE O

Vote YES on Measure O to protect local renters and close critical gaps in statewide policies.

San Anselmo renters are valued members of our community—teachers, emergency responders, young families, essential workers, and retired seniors. Unfortunately, statewide laws don't adequately protect renters in San Anselmo, leaving many vulnerable to eviction and displacement through no fault of their own. Measure O closes critical gaps in statewide eviction protections, protecting local renters. It only applies to San Anselmo's mid-to-large multifamily units—triplexes and above.

California law outlines specific circumstances that allow landlords to evict tenants even when rent is paid on time and lease requirements are upheld. Measure O alleviates the significant financial strain and emotional stress of an unexpected move, especially for fixed-income seniors and families with school-aged children. Measure O provides renters facing no-fault evictions with longer relocation timelines, expanding minimum notice from 30 to 90 days. This is a critical buffer in Marin's rental market.

Measure O also expands relocation payments from the statewide minimum (one month's rent) which barely dents unexpected moving costs. Measure O requires landlords to provide a minimum of two and a maximum of three months' rent for shorter-notice evictions. These provisions incentivize advance notice and offset moving costs, security deposits, and first month's rent. These are a lifeline for San Anselmo renters, 53% of whom are "rent burdened" per federal guidelines, meaning they pay more than 30% of their income towards rent.

Finally, Measure O closes gaps that leave renters vulnerable. It establishes daily stipends if tenants must temporarily relocate for repairs. It codifies a "right to return" policy, closing pernicious technical loopholes in state law that allow corporate landlords to evict and re-rent units at much higher prices. Measure O is revenue-neutral and doesn't raise Town taxes or fees.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE O

Common sense San Anselmo Democrats are voting NO on Measure O.

Statewide eviction laws protect all California tenants and work. Don't be fooled by scare tactics. We have never had an eviction problem in San Anselmo, and we don't need Measure O.

Proponents of Measure O aren't being straight with the facts. They offer zero support for their claim that there are gaps in current policies. They fail to explain why San Anselmo should increase the eviction notice and relocation payment requirements to triple what the state already requires. They ignore the burden this would place on housing providers that our Town desperately needs. Most importantly, there is simply no evidence that San Anselmo residents are being unfairly evicted.

Measure O is bad for the Town and will lead to less affordable housing. Measure O burdens landlords to the point that renting becomes unattractive. This leads to removal of rental units from the market and conversions of rentals to condominiums. Costly restrictions will discourage anyone from building affordable housing in San Anselmo. Under Measure O, San Anselmo will end up losing our rental housing stock and displacing the very people we are trying to protect – teachers, essential workers, retired seniors and emergency responders. Measure O makes no sense.

Save rental housing. Keep our local renters in their homes.

Save San Anselmo from burdensome restrictions.

Use your common sense. Vote NO on Measure O.

ARGUMENT AGAINST MEASURE O

We already have statewide just cause eviction protections in California. We don't need Measure O. Under the Tenant Protection Act of 2019 (Civil Code § 1946.2), renters who have lived at a property for at least 12 months, are entitled to 30 days written notice to vacate and one month of rent if evicted. This is reasonable and fair.

Under Measure O, to remove a tenant who lives in a rental for a mere 90 days, a landlord would have to provide 90-120 days of notice and would have to cover 2-3 months of rent before evicting a tenant – triple the current requirement.

Conceived by the Berkeley Rent Board and promoted in San Anselmo by the Democratic Socialists of America and other outside political actors, Measure O strips local landlords of their property rights and places an unsustainable financial burden on them.

Our Mom-and-Pop landlords aren't gouging, corporate monsters. Ninety-seven percent of rental units in San Anselmo are locally and family owned. Local landlords provide essential housing for renters who could not otherwise afford to live in our community. Unfair evictions have never been a problem in San Anselmo. To maintain rentals in our community we must allow landlords the ability to fairly evict tenants. Measure O would make evictions unfairly expensive.

The housing affordability crisis is a community problem. Forcing landlords to pay triple what it currently takes to evict a tenant is not the answer. It will only result in landlords taking their properties off the market or converting them to condos rather than risk the cost and headache of eviction.

San Anselmo should tackle affordable housing as a community by building affordable housing. Singling out landlords and making it difficult to fairly evict tenants is unfair and wrong.

Save rental housing.

Vote NO on Measure O.

REBUTTAL TO ARGUMENT AGAINST MEASURE O

The basic premise behind the California Tenant Protection Act of 2019 is that tenants, when evicted through no fault of their own, deserve a buffer to land on their feet and in their community. The state set this baseline buffer at 30 days notice and one month's rent. Measure O's opponents characterize this baseline as reasonable and fair.

It's unlikely that anyone in San Anselmo who's faced a 30-day shot clock to relocate would agree. Simply put, California's statewide baseline is not tailored to local conditions. Measure O closes the gap between the intent of state law and the letter of it, which falls far short of local need.

Measure O applies to no-fault evictions, a narrowly-defined statewide category including major remodels or taking the unit off market. These are long-term plans. It's reasonable for landlords to provide long-term notice.

Many of San Anselmo's small landlords expressed concern that rental policies would impact plans to move family members into their units. In response, Measure O exempts single-family homes, ADUs, and duplexes.

Opponents claim Measure O will cause properties to be taken off-market, but this is backwards: taking a unit offline triggers Measure O. Unfortunately, evicting and re-renting units at higher prices is a textbook maneuver by corporate landlords, seen with increasing frequency throughout Marin. This is critical: of the 839 mid-/large-sized rentals impacted by Measure O, county records have revealed that close to half are business-owned, with verification of additional properties pending. EXHIBIT "A"

The people of the Town of San Anselmo hereby Ordain that a new Chapter 2 "Just Cause Eviction and Tenant Protections" shall be added to Title 20 "Rent Stabilization and Tenant Protections" of the San Anselmo Municipal Code to read as follows:

20-2.101 Title. This Chapter shall be known as the "Just Cause Eviction and Tenant Protections Ordinance."

20-2.102 Applicability. This Chapter shall apply to property with three (3) or more residential rental units, none of which are exempt pursuant to this Chapter, and which are located on the same parcel or lot, or contiguous parcels or lots, under common ownership. Unless otherwise indicated herein, this Chapter shall apply when a tenant has lawfully and continuously occupied property for thirty (30) days or more.

20-2.103 Purpose. The purpose of this Chapter is to protect housing stability by protecting residential tenancies against arbitrary evictions, while ensuring that landlords maintain the ability to evict tenants for just cause. The Ordinance promotes the public health safety, and welfare.

20-2.104 Definitions. For the purposes of this Chapter the following definitions apply:

(a) "Owner" and "residential real property" have the same meaning as those terms are defined in Civil Code section 1946.2.

(b) "Tenancy" means the lawful occupation of residential real property, as may be subject to, and not exempt from, this Chapter.

20-2.105 Restriction on Residential Tenancy Termination Without Just Cause. Notwithstanding any other law, after a tenant has lawfully and continuously occupied residential real property for thirty (30) days or more, the owner of residential real property shall not terminate the tenancy without just cause as defined in Section 20-2.106, which shall be stated in a written notice to terminate tenancy.

20-2.106 Just Cause. The following circumstances constitute just cause for termination of a residential tenancy permitted by this Chapter.

(a) At-Fault Just Cause. At-fault just cause means any of the following:

(1) Default in the payment of rent.

(2) A breach of a material term of the lease as described in Code of Civil Procedure section 1161(3), including, but not limited to, violation of a provision of the lease after being issued a written notice to correct the violation.

(3) Maintaining, committing, or permitting the maintenance or commission of a nuisance as described in Code of Civil Procedure section 1161(4).

(4) Committing waste as described in Code of Civil Procedure section 1161(4).

(5) The tenant had a written lease that terminated on or after the effective date of this Chapter, and after a written request or demand from the property owner, the tenant has refused to execute a written extension or renewal of the lease for an additional term of similar duration with similar provisions and terms; provided, that those terms do not

violate this Section or any other provision of law.

(6) Criminal activity by the tenant on the residential real property, including any common areas, or any criminal activity or criminal threat as defined in Penal Code section 422(a), on or off the residential real property, that is directed at any owner or agent of the owner of the residential real property.

(7) Assigning or subletting the premises in violation of the tenant's lease, as described in Code of Civil Procedure section 1161(4).

(8) The tenant's refusal to allow the owner to enter the residential real property as authorized by Civil Code sections 1101.5 and 1954, and Health and Safety Code sections 13113.7 and 17926.1.

(9) Using the premises for an unlawful purpose as described in Code of Civil Procedure section 1161(4).

(10) The employee, agent, or licensee's failure to vacate after their termination as an employee, agent, or a licensee as described in Code of Civil Procedure section 1161(1).

(11) When the tenant fails to deliver possession of the residential real property after providing the owner written notice as provided in Civil Code section 1946 of the tenant's intention to terminate the hiring of the real property, or makes a written offer to surrender that is accepted in writing by the owner, but fails to deliver possession at the time specified in that written notice as described in Code of Civil Procedure section 1161(5).

(b) No-Fault Just Cause. No-fault just cause means any of the following:

(1) Intent to occupy

(i) Intent to occupy the residential real property by the owner or the owner's spouse, domestic partner, children, grandchildren, parents, or grandparents for a minimum of twelve (12) continuous months as that person's primary residence.

(ii) For leases entered into on or after the effective date of this Chapter, clause (i) shall apply only if the tenant agrees in writing to the termination, or if a provision of the lease allows the owner to terminate the lease if the owner, or their spouse, domestic partner, children, grandchildren, parents, or grandparents unilaterally decides to occupy the residential real property for a period of at least twelve (12) months.

(2) Withdrawal of the residential real property from the rental market under, and subject to, the provisions of the Ellis Act. Tenants shall be entitled to a minimum one hundred and twenty (120) day notice for evictions pursuant to the Ellis Act.

(3) Order to vacate property

(i) The owner complying with: an order issued by a government agency or court relating to habitability that necessitates vacating the property; an order issued by a governmental agency or court to vacate the property; or a local ordinance that necessitates vacating the property.

(ii) If it is determined by any government agency or court that the tenant is at fault for the condition(s) triggering the order or need to vacate under this subsection, the tenant

shall not be entitled to relocation assistance under this Chapter.

(4) Intent to demolish or substantially remodel the residential real property. For purposes of this subparagraph, “substantially remodel” means that either of the following cannot be reasonably accomplished in a safe manner that allows the tenant to remain living in place and that requires the tenant to vacate the residential real property for at least 30 consecutive days: 1) the replacement or substantial modification of any structural, electrical, plumbing, or mechanical system that requires a permit from a governmental agency; and/or 2) the abatement of hazardous materials including lead-based paint, mold, or asbestos in accordance with applicable federal, state, and/or local laws. Cosmetic improvements alone including painting, decorating, minor repairs, or other work that can be performed safely without having the residential real property vacated do not qualify as a substantial remodel under this subparagraph.

20-2.107 Just Cause Curable Lease Violation. Before an owner of residential real property issues a notice to terminate a tenancy for just cause that is a curable lease violation, the owner shall first give notice of the violation to the tenant with an opportunity to cure the violation pursuant to Code of Civil Procedure section 1161(3). The written notice to cure the violation must be dated and served upon the tenant pursuant to one of the methods authorized Code of Civil Procedure section 1162 and must inform the tenant that failure to cure may result in eviction. If the violation is not cured within the time period set forth in the notice, a 3-day notice to quit without an opportunity to cure may thereafter be served to terminate the tenancy.

20-2.108 Notices.

(a) Notice to tenants is required as follows:

(1) The owner of residential real property is required to provide written notice to tenants of their rights under this Chapter including the existence of this Chapter and the possible right to relocation assistance, as stated in this Section. The owner must provide notice on or before the commencement of all tenancies initiated after the effective date of this Chapter. For a tenancy existing prior to the effective date of this Chapter, the owner must give written notice to the tenant, or as an addendum to the lease or rental agreement, no later than thirty (30) days after the effective date of this Chapter.

(b) If the property owner has given the tenant a notice to terminate tenancy of one hundred and twenty (120) days or greater, then the amount of relocation assistance shall be equal to two (2) months of the tenant’s rent that was in effect when the property owner issued the notice to terminate the tenancy.

(c) If the property owner has given the tenant a notice to terminate tenancy of less than one hundred and twenty (120) days, then the amount of relocation assistance shall be equal to three (3) months of the tenant’s rent that was in effect when the property owner issued the notice to terminate the tenancy.

(d) For the relocation assistance due under this Section, the tenant may select to either deduct it from rent owed, or as a payment from the property owner upon the end of the tenancy.

(e) If a tenant fails to vacate after the expiration of the notice to terminate tenancy, the actual amount of any relocation assistance or rent deduction provided pursuant to this Section shall be recoverable by the residential property owner as damages in an action to recover possession.

This Section shall apply to all no-fault just cause evictions pursuant to Section 20-2.106(b). If the residential rental unit from which the tenant was evicted is offered again for rent for residential purposes within five (5) years of the date the unit was withdrawn, the property owner shall first offer the unit for rent to the displaced tenant at the same rental rate and terms, subject to any allowable rental adjustments available by law, if the tenant has advised the property owner in writing within thirty (30) days of the displacement of the tenant's desire to consider an offer to renew the tenancy and has furnished the property owner with an address to which that offer is to be directed. The displaced tenant may advise the property owner at any time during the eligibility of a change of address to which an offer is to be directed. If a property owner receives notice of a tenant's desire to consider an offer to renew the tenancy, the property owner shall notify that tenant of any change of owner address during the 5 year period to the tenant's last known address.

20-2.120 Short-Term Relocation Assistance.

(a) Where a tenant is displaced from a rental unit for renovation or repair work for a period of thirty (30) days or less, which work does not qualify as a substantial improvement pursuant to Section 20-2.106(b)(4), the property owner shall immediately make short-term relocation payments to the tenant as set forth in this Section. The tenant may elect not to receive short-term relocation assistance. If the tenant receives short-term relocation assistance, the tenant remains obligated to pay the lawful rent in effect when the tenant vacated. If the tenant has elected not to receive short-term relocation assistance, the tenant shall not be obligated to pay rent until the tenant re-occupies the unit. The property owner shall pay such short-term relocation benefits until the tenant re-occupies the unit or the tenant is lawfully evicted.

(b) The amount of short-term relocation assistance due under this Section shall be \$180 per day. The daily amount shall be adjusted annually based on the Consumer Price Index (All Urban Consumers, San Francisco-Oakland-Hayward region, or any successor designation)

All remedies are cumulative.
