**STATEMENT OF CANDIDATE FOR
United States Representative, District 2**

CHRIS COULOMBE

Occupation: Small Business Owner

Education and Qualifications: We clearly cannot continue down our present political path. We can and must choose a better future.

Partisan politics is destroying our environment, our economy, and our children's future. This is our country; it is time for all of us to stand.

It is no longer about party lines. It is about addressing our reality and our future as a country instead of seeking partisan gain.

We need clear-eyed leaders with well-rounded experience and vision ready to address those challenges and stay focused on the big picture... focused on moving America forward.

I was born and raised in Sonoma County. After earning my Eagle Scout, I enlisted in the military at 18 and returned home as an infantry captain 16-years later. I earned my BA in politics from the University of San Francisco and my MA in Diplomacy from Norwich University.

With 24-years of military, business, and policy experience to represent our 2nd District, and your help, we can protect the environment, rebuild small businesses and the middle class to better our children's future.

This is our home and we must protect it. Together, we can lead that change.

It is my honor to ask for your vote to serve our country again.

**STATEMENT OF CANDIDATE FOR
United States Representative, District 2**

JARED HUFFMAN

Occupation: U.S. Representative

Education and Qualifications: I'm getting things done despite political chaos in Washington. By putting people over politics, I've delivered results – the \$400M Golden Gate Bridge seismic retrofit, crucial funding for water supply improvements, zero-emission busses and charging infrastructure, public housing improvements, veterans housing, bike and pedestrian pathways, kelp forest restoration and more.

The prescription drug pricing reform I championed – the first in decades – caps insulin costs for seniors at \$35/month and starting next year total drug costs for seniors will never exceed \$2,000/year.

I spearheaded laws to modernize America's infrastructure – improving roads and bridges, connecting underserved communities with high-speed broadband, modernizing electrical grids, expanding renewable energy and building a national EV charging network.

We're finally taking bold action on the climate crisis and I'm leading the charge to do much more.

I work across the aisle whenever possible, as with my bipartisan initiative that raised IDEA special education funding by \$2.5 billion and my rural hospital bill.

But when democracy, the rule of law, or our fundamental freedoms are threatened, I fight back. That's why I founded the Stop Project 2025 Task Force - to confront the dangerous authoritarian scheme pushed by Donald Trump and his allies to eliminate checks and balances, impose a nationwide abortion ban, rollback civil rights and end Medicare as we know it. Not on my watch.

As a senior member of committees on Natural Resources and Transportation and Infrastructure, you can count on me to keep delivering results.

I would be honored by your vote.

**DECLARACIÓN DE CANDIDATURA PARA
Representante de los Estados Unidos, Distrito 2**

CHRIS COULOMBE

Ocupación: Propietario de un negocio pequeño

Educación y calificaciones: Está claro que no podemos seguir por el camino político actual. Podemos y debemos elegir un futuro mejor.

La política partidista está destruyendo nuestro medio ambiente, nuestra economía y el futuro de nuestros hijos. Este es nuestro país; es hora de que nos pongamos de pie.

Ya no se trata de los partidos. Sino que se trata de aceptar nuestra realidad y nuestro futuro como país, en lugar de buscar que gane un partido u otro.

Necesitamos líderes lúcidos con experiencia y visión integrales, listos para enfrentarse a esos desafíos y mantenerse enfocados en el panorama general... enfocados en hacer avanzar a los Estados Unidos.

Nací y me crié en el condado de Sonoma. Después de obtener mi Eagle Scout, me alisté en el ejército a los 18 años y regresé a casa como capitán de infantería 16 años después. Obtuve mi licenciatura en Política en la Universidad de San Francisco y mi maestría en Diplomacia en la Universidad de Norwich.

Con mis 24 años de experiencia militar, empresarial y política para representar a nuestro 2° distrito, y su ayuda, podemos proteger el medio ambiente, reconstruir las pequeñas empresas y la clase media, y mejorar el futuro de nuestros hijos.

Esta es nuestra casa, y debemos protegerla. Juntos podemos ser líderes de ese cambio.

Para mí es un honor pedir su voto para volver a servir a nuestro país.

**DECLARACIÓN DE CANDIDATURA PARA
Representante de los Estados Unidos, Distrito 2**

JARED HUFFMAN

Ocupación: Departamento Representante

Educación y calificaciones: Estoy haciendo mi trabajo a pesar del caos político en Washington. Al poner a las personas por encima de la política, he obtenido resultados: la rehabilitación sísmica del puente Golden Gate por valor de \$400 millones, el financiamiento crucial para mejoras en el suministro de agua, autobuses de cero emisiones e infraestructura de recarga, mejoras en viviendas públicas, viviendas para veteranos de guerra, senderos para bicicletas y peatones, restauración de bosques de algas marinas y mucho más.

La reforma de precios de medicamentos que requieren receta que defendí, la primera en décadas, limita los costos de la insulina para adultos mayores a \$35 al mes y, a partir del próximo año, el costo total de medicamentos para los adultos mayores no superarán los \$2,000 al año.

Impulsé leyes para modernizar la infraestructura de los Estados Unidos: mejora de carreteras y puentes, conexión con banda ancha de alta velocidad a comunidades desatendidas, modernización de las redes eléctricas, expansión de las energías renovables y edificación de una red nacional de recarga de vehículos eléctricos.

Finalmente estamos tomando medidas audaces para combatir la crisis climática y estoy liderando la lucha para hacer mucho más.

Colaboro con la oposición siempre que puedo, como ocurre con mi iniciativa bipartidista que aumentó los fondos de educación especial de IDEA en \$2.5 mil millones y mi proyecto de ley para hospitales rurales.

Sin embargo, cuando la democracia, la ley y nuestras libertades fundamentales se ven amenazadas, doy pelea. Es por ello que fundé el grupo de trabajo destinado a detener el Proyecto 2025, para hacer frente al peligroso plan autoritario impulsado por Donald Trump y sus aliados, que busca eliminar los controles y balances, imponer una prohibición al aborto en toda la nación, reducir los derechos civiles y poner fin a Medicare tal como lo conocemos. Esto no sucederá mientras yo esté a cargo.

En mi calidad de miembro principal de los comités de Recursos Naturales y de Transporte e Infraestructura, prometo seguir obteniendo resultados.

Para mí será un honor contar con su voto.

**STATEMENT OF CANDIDATE FOR
Member State Assembly, District 12**

DAMON CONNOLLY

Occupation: California State Assemblymember

Education and Qualifications: It is my privilege to serve as your State Assemblymember, ensuring that an experienced local voice represents Marin and Sonoma counties in Sacramento.

Endorsed by the Sierra Club, California Professional Firefighters, California Teachers Association, local Labor Unions, and Planned Parenthood Northern California Action Fund, I'm a principled progressive and consensus builder who gets things done.

In just one term in office, I've delivered real results, successfully getting five bills signed into law that will keep body armor out of the hands of mass shooters, ensure addictive tobacco products are not sold to teenagers, protect renters living in mobile home parks, reduce teen suicides, and cap the fees charged for residential solar projects. I also continue to build support for legislation to prevent toxic pesticide spraying along our highways.

On top of these legislative wins, I also secured \$5 million in state funding for projects throughout the North Bay for parks, firefighting equipment, affordable housing, and science education.

I have been fighting for our communities for 18 years, including service as a Marin County Supervisor, Vice-Mayor of San Rafael, School Board President, California Deputy Attorney General and now, as your State Assemblymember and local voice in Sacramento.

My values are North Bay values, forged by living here for more than 25 years. As your State Assemblymember, I will continue to fight for our priorities in Sacramento: wildfire prevention and home insurance, clean energy, environmental protection, protecting women's healthcare, equal rights, and more.

I hope to earn your vote to continue this important work together.

**DECLARACIÓN DE CANDIDATURA PARA
Miembro de la Asamblea Estatal, Distrito 12**

DAMON CONNOLLY

Ocupación: Asambleísta del Estado de California

Educación y calificaciones: Es un privilegio para mí servir como asambleísta estatal, asegurando que una voz local experimentada represente a los condados de Marin y Sonoma en Sacramento.

Respaldado por el Sierra Club, los Bomberos Profesionales de California, la Asociación de Maestros de California, los sindicatos locales y el Fondo de Acción del Norte de California de Planificación Familiar, soy un progresista de principios y un creador de consenso que sabe obtener resultados.

En apenas un mandato, he logrado resultados reales: logré que se promulguen cinco proyectos de ley que mantendrán los chalecos antibalas fuera del alcance de los tiradores en masa, que se garantice que no se vendan productos de tabaco adictivos a los adolescentes, que se proteja a los inquilinos que viven en parques de casas móviles, que se reduzcan los suicidios de adolescentes y que se limiten los cargos que se cobran por proyectos solares residenciales. Además, sigo ganando apoyo para que se implementen leyes que eviten que se rocíen pesticidas tóxicos en los márgenes de nuestras autopistas.

Además de estas victorias legislativas, también obtuve \$5 millones en fondos estatales destinados a proyectos en todo el Norte de la Bahía para parques, equipos contra incendios, viviendas de precio accesible y educación en ciencias.

Llevo 18 años luchando por nuestras comunidades, incluido el servicio como supervisor del Condado de Marin, Vicealcalde de San Rafael, Presidente de la Junta Escolar, Fiscal General adjunto de California y ahora, como su Asambleísta Estatal y voz local en Sacramento.

Mis valores son los valores del Norte de la Bahía, forjados en los más de 25 años que llevo viviendo en ese lugar. Como su Asambleísta Estatal, continuaré luchando por nuestras prioridades en Sacramento: prevención de incendios forestales y seguros para el hogar, energía limpia, protección ambiental, protección de la atención médica de las mujeres, igualdad de derechos y más.

Espero ganar su voto para seguir trabajando juntos.

NANCY MCCARTHY

Occupation: Attorney/Oversight Member

Education and Qualifications: B.S., Cornell University; J.D., Tulane University School of Law; Member of California State Bar, Louisiana State Bar and U.S. Supreme Court.

Education is the most important asset we have to give to our children and the community. We must make the most of every child to create the best future for us all.

Recognizing that, I served as a member of multiple legally mandated Citizen's Oversight Committees. I oversaw expenditures of \$500,000,000 in bonds to renovate Redwood, Tam & Drake High School, College of Marin (current), Edna McGuire Elementary, and Ross School. Also, I helped raise over \$65,000 for local nonprofits. My commitment is clear.

As a Marin resident over 40 years I dedicated significant volunteer time to improving the local school systems as well as serving the legal needs of our community as a civil litigator, judge pro-tem, arbitrator, appointed hearing officer, and Marin County Bar Association Board of Directors, while raising my two sons. My contributions to the Marin Pro Bono Program have earned recognition by Marin Legal Aid. As a member of the prior Sheriff's Citizen's Advisory Committee I helped improve police-citizen interactions. I have worked with many constituencies.

There are many challenges ahead, and as a problem-solver I will strive to contribute to good solutions. Education is my #1 priority for my family and yours.

I respectfully request your vote. www.mccarthyformarinboardofeducation.com

AMOS KLAUSNER

Occupation: Parent

Education and Qualifications: As a parent of a high school student, a former school board trustee for the Lagunitas School District, husband to a longtime Marin County public school teacher, and current member of the Marin County Committee on School District Reorganization, I understand the issues that impact our school districts, our parent communities, and our children.

My time as a school board trustee coincided with the COVID-19 outbreak. It was challenging for everyone, especially our kids. It required open communication across stakeholder groups and difficult decision making around health and safety, financial accountability, and academics. With a public school teacher in the family, I appreciate how hard our teachers work and how important great teachers are to our children's success.

As part of a county committee, I listen and respond to the needs of taxpayers. If approved, the current Tamalpais Union High School District bond proposal brings an obligation on the part of administrators and the governing board to assure families and taxpayers that this money is well spent. **STATEMENT OF CANDIDATE FOR
City of San Rafael
Mayor**

KATE COLIN

Age: 59

Occupation: Mayor, City of San Rafael

Education and Qualifications: It is an honor to serve as San Rafael's first woman Mayor. I'm excited to have the support of many local business owners, elected officials, and residents just like you. I respectfully ask for your vote for re-election and the privilege of serving our community for another term.

The pandemic contributed to an increase in homeless encampments and empty San Rafael storefronts. Newly elected as your Mayor, I worked to create a successful foundation for helping people off of the streets - using pathways to housing and legal tools. Now we are moving into full implementation of these initiatives, and because we already have a proven track record, we will be successful.

I will continue to focus on strengthening our local economy, thoughtful growth planning, and addressing the impacts of climate change. I'm determined to take well-considered and meaningful steps to address these big issues, using our city funds wisely and efficiently.

I'm proud that our city has a balanced budget of over \$211 million, and in this year alone, we've brought in approximately \$50 million—in direct and indirect grant dollars.

As I look ahead, I know that our engaged community can meet any challenge. Let's keep moving.

Thank you.

Education and Qualifications: Let's make San Rafael a beautiful place to grow. There are many important issues facing our community now. With the right leadership in place, we can overcome any adversity. Together we can bring the change this town deserves and needs to make it a better, safer place to live, raise family and grow a business. This is a pivotal moment for change. Let your voice be heard, it would be an honor and joy to serve the town I have called home for the last 46 years as a place of residence and business.

Currently the growing vacancy rate is causing the city of San Rafael to lose revenue and drain city finances to continue short fall. I will focus on working with business leaders in the community to bring businesses back to San Rafael and help to turn around the decay that is attacking the city finances.

As your Mayor I will be seeking to bring together a consensus to implement solutions and my priorities are: balancing the budget, affordable housing, homelessness, storefront vacancy and creating a solid income base with integration, collaboration, cooperation of ideas in action. **DECLARACIÓN DE CANDIDATURA PARA
Ciudad de San Rafael
Alcaldesa**

KATE COLIN

Egad: 59

Ocupación: Alcaldesa, Ciudad de San Rafael

Educación y calificaciones: Es un honor ser la primera Alcaldesa de San Rafael. Me complace contar con el apoyo de muchos empresarios locales, funcionarios electos y habitantes como usted. Pido respetuosamente su voto para la reelección y el privilegio de servir a nuestra comunidad durante otro mandato.

La pandemia contribuyó al aumento de campamentos de personas sin hogar y de locales comerciales vacantes en San Rafael. Recién elegida como Alcaldesa, trabajé para sentar los cimientos del éxito con el fin de ayudar a la gente a dejar de vivir en la calle, utilizando vías de acceso a la vivienda y herramientas legales. Ahora estamos pasando a la implementación total de estas iniciativas, y como ya contamos con un historial comprobado, tendremos éxito.

Seguiré concentrándome en fortalecer nuestra economía local, en planificar el crecimiento de manera reflexiva y en hacer frente a los efectos del cambio climático. Estoy decidida a tomar medidas bien pensadas y significativas para afrontar estos grandes problemas, utilizando los fondos municipales con sensatez y eficacia.

Estoy orgullosa de que nuestra ciudad tenga un presupuesto equilibrado de más de \$211 millones y de que, tan solo este año, hayamos recibido aproximadamente \$50 millones en subvenciones directas e indirectas.

Al contemplar el futuro, sé que nuestra comunidad participativa puede hacer frente a cualquier desafío. Sigamos avanzando.

Muchas gracias.

Alcaldesa**

MAHMOUD A. SHIRAZI

Egad: 75

Ocupación: Empresario

Educación y calificaciones: Hagamos de San Rafael un hermoso lugar donde crecer. Nuestra comunidad actualmente se enfrenta a numerosos problemas importantes. Con un liderazgo adecuado, podemos superar cualquier adversidad. Juntos podemos lograr el cambio que esta ciudad merece y necesita, transformándola en un lugar más seguro y mejor para vivir, criar una familia y hacer prosperar un negocio. Estamos en un momento crucial para el cambio. Deje que su voz sea escuchada. Sería para mí un honor y un placer servir a la ciudad que he llamado hogar durante los últimos 46 años como lugar de residencia y de negocios.

En la actualidad, la creciente tasa de locales comerciales vacantes está ocasionando que la Ciudad de San Rafael pierda ingresos y que las finanzas de la Ciudad sigan siendo deficitarias. Me concentraré en trabajar con los líderes empresariales de la comunidad para que los negocios vuelvan a San Rafael y para ayudar a revertir la decadencia que está afectando negativamente a las finanzas de la ciudad.

Como Alcalde, trataré de lograr un consenso para implementar soluciones y mis prioridades son: equilibrar el presupuesto, la vivienda de precio accesible, la falta de vivienda, los locales comerciales vacantes y la creación de una base sólida de ingresos con la integración, la colaboración y la cooperación de ideas en acción. **STATEMENT OF CANDIDATE FOR
Marin Municipal Water District
Director, Division 2**

DIANA MAIER

Occupation: Mediator, Employment Attorney

Education and Qualifications: The top priority of the MMWD Board should be to secure clean, reliable, and affordable water for every Marin community.

In recent years, the Marin Municipal Water District (MMWD) has worked hard to address Marin's water scarcity. However, the county lacks consensus on how to ensure Marin has an adequate and reliable water supply for the future in light of the impact of climate change.

I'm a professional mediator with decades of experience. My job is bringing people together to solve tough challenges. I'm running for MMWD Board, because securing the best possible water system should unite, not divide, us.

I also know and deeply appreciate Marin. I have lived here most of my life and am now raising my own family here. My career started as a Congressional aide where I worked on water scarcity issues. After serving as a public defender, I founded an all-women employment law firm. With an all-male board, MMWD is missing the perspective of half of Marin's population.

Endorsed by: Marin County Supervisors Mary Sackett and Katie Rice, San Rafael Mayor Kate Colin, San Rafael Councilwoman Rachel Kertz, Marin Municipal Water District Director Jed Smith, former President of Marin Municipal Water District Cynthia Koelher, and many others.

Marin Municipal Water District
Director, Division 2**

JACK KENNEY

Occupation: Non-Profit Director

Education and Qualifications: I am running for MMWD Director because I believe in a future where our water is managed efficiently, sustainably, and with consideration for all in our community.

The current rate structure places a burden on lower-tier water users, many of whom are low-income families. I will work to adjust rates and fees so that lower tier users are more fairly treated, and conservation is encouraged.

To secure our water supply, I would raise spillways at certain reservoirs, acquire additional rights to Russian River water, expand our recycling efforts, and avoid large expensive projects that lead to greater increases in water rates.

Our fire mitigation and environmental protection strategies need a data-driven revamp. Partnering with academic experts, I would institute periodic range management studies to improve our approach.

My background is in public land and water issues. I founded a non-profit focused on protecting Point Reyes National Seashore where I work with environmental organizations and academic experts and meet with local elected officials and government agencies. In addition, I have regularly attended MMWD board meetings since 2022.

I am prepared to help lead MMWD into a future where our natural resources are safeguarded and everyone receives affordable water.

**DECLARACIÓN DE CANDIDATURA PARA
Distrito Municipal de Agua de Marin
Directora, División 2**

DIANA MAIER

Ocupación: Mediadora, abogada laboral

Educación y calificaciones: La principal prioridad de la Junta de MMWD debe ser garantizar agua limpia, confiable y de precio accesible para todas las comunidades de Marin.

En los últimos años, el Distrito Municipal de Aguas de Marin (MMWD) ha trabajado arduamente para hacer frente a la escasez de agua en el Condado. Sin embargo, el Condado carece de consenso sobre cómo garantizar que el Marin cuente con un suministro de agua adecuado y confiable para el futuro tomando en consideración el impacto del cambio climático.

Soy mediadora profesional con décadas de experiencia. Mi trabajo consiste en acercar a la gente para resolver desafíos difíciles. Me postulo para la Junta de MMWD, porque garantizar el mejor sistema de agua posible debe unirnos, no dividarnos.

También conozco y aprecio profundamente a Marin. He vivido aquí la mayor parte de mi vida y ahora estoy criando a mi propia familia en este lugar. Mi carrera empezó como ayudante en el Congreso, donde trabajé en temas relacionados con la escasez de agua. Después de trabajar como abogada de oficio, fundé un bufete de derecho laboral exclusivamente femenino. Con una junta compuesta únicamente por hombres, el MMWD está perdiendo la perspectiva de la mitad de la población del Condado de Marin.

Respaldata por: Las Supervisoras del Condado de Marin Mary Sackett y Katie Rice, la Alcaldesa de San Rafael Kate Colin, la Concejal de San Rafael Rachel Kertz, el Director del Distrito Municipal de Agua de Marin Jed Smith, la ex Presidenta del Distrito Municipal de Agua de Marin Cynthia Koelher, y muchos otros.

**DECLARACIÓN DE CANDIDATURA PARA
Distrito Municipal de Agua de Marin
Directora, División 2**

JACK KENNEY

Ocupación: Director de organización sin fines de lucro

Educación y calificaciones: Me postulo como candidato a Director del MMWD porque creo en un futuro en el que nuestra agua se administre de forma eficiente, sostenible y teniendo en cuenta a todos los miembros de nuestra comunidad.

La actual estructura tarifaria supone una carga para los consumidores de agua de nivel inferior, muchos de los cuales son familias de bajos ingresos. Trabajaré para ajustar las tarifas y los cargos de modo que los consumidores de niveles inferiores reciban un trato más justo y se favorezca la conservación.

Para garantizar nuestro suministro de agua, elevaría los aliviaderos de algunas represas, adquiriría derechos adicionales sobre el agua del Russian River, ampliaría nuestros esfuerzos de reciclaje y evitaría los grandes proyectos costosos que conducen a mayores aumentos de las tarifas del agua.

Nuestras estrategias de mitigación de incendios y protección ambiental requieren una renovación basada en datos. En colaboración con expertos del mundo académico, pondría en marcha estudios periódicos sobre la administración de las zonas de distribución para mejorar nuestro enfoque.

Mis antecedentes se han concentrado en cuestiones relacionadas con las tierras públicas y el agua. Fundé una organización sin fines de lucro centrada en la protección de la Costa Nacional de Point Reyes, donde trabajo con organizaciones ecologistas y expertos académicos y me reúno con funcionarios locales electos y organismos gubernamentales. Asimismo, he asistido regularmente a las reuniones de la junta del MMWD desde 2022.

Estoy preparado para ayudar a dirigir al MMWD hacia un futuro en el que se salvaguarden nuestros recursos naturales y todo el mundo reciba agua a precios accesibles.

ROBERT SANDOVAL

Occupation: San Rafael Parks Commissioner

Education and Qualifications: I'm the son of Mexican American and Jewish parents, both public servants, who worked to improve the lives of others. I watched my mother, a public works project manager, planning and developing projects that took years to implement, to benefit people she'd never know.

My abuelito ("Lito") was born in California in 1921. He was of modest means, but took pride in hard work and helping others. He laid the foundation for a better life for his children, and ultimately for me and my young family.

Dedication to long-term planning for the future has been passed down to me for generations. Following their example, I began my career as a California Deputy Attorney General, representing state employees and agencies like California State Parks, and serve as a San Rafael Park and Recreation Commissioner, working to improve our community for our children.

The Marin Water Board needs forward-thinking now. Today's choices and actions lay the groundwork for future generations.

As a problem solver and a leader with the skills to distill complex problems, I look forward to bringing a fresh perspective and a passionate commitment to ensuring a secure water supply, financial stability, affordability, and environmental stewardship.

ROBERT SANDOVAL

Ocupación: Comisionado de Parques de San Rafael

Educación y calificaciones: Soy hijo de padres mexicano-americanos y judíos, ambos funcionarios públicos, que trabajaron para mejorar la vida de los demás. Vi a mi madre, administradora de proyectos de obras públicas, planificar y desarrollar proyectos que tardaban años en ejecutarse, en beneficio de personas a las que ella nunca conocería.

Mi abuelito («Lito») nació en California en 1921. Era de condición humilde, pero se enorgullecía del trabajo duro y de ayudar a los demás. Sentó las bases de una vida mejor para sus hijos y, en última instancia, para mí y mi joven familia.

La dedicación a la planificación a largo plazo para el futuro se me ha transmitido de generación en generación. Siguiendo su ejemplo, empecé mi carrera como Procurador General Adjunto de California, representando a empleados estatales y agencias como Parques Estatales de California, y ejerzo como Comisionado de Parques y Recreación de San Rafael, trabajando para mejorar nuestra comunidad en beneficio de nuestros hijos.

La Junta de Aguas de Marin necesita empezar a pensar en el futuro. Las decisiones y acciones de hoy preparan el terreno para las generaciones futuras.

Como especialista en la resolución de problemas y líder con capacidad para desentrañar problemas complejos, espero aportar una nueva perspectiva y un compromiso apasionado para garantizar la seguridad del suministro de agua, la estabilidad financiera, la accesibilidad económica y la protección del medio ambiente.

IMPARTIAL ANALYSIS BY COUNTY COUNSEL

TAMALPAIS UNION HIGH SCHOOL DISTRICT

BOND MEASURE

MEASURE B

This Measure was placed on the ballot by the Board of Trustees of the Tamalpais Union High School District.

Pursuant to Article XIII A (1)(b)(3) of the California Constitution, if this measure is approved by 55% of the votes cast, the Tamalpais Union High School District will be authorized to incur bonded indebtedness in multiple series of up to two hundred eighty-nine million dollars (\$289,000,000) with an interest rate not to exceed the limit set by law.

Money raised by bond sales may only be used for the purposes and projects stated in the Bond Project List set forth in Measure B. These purposes and projects include, but are not limited to, replacing and/or expanding classroom buildings at Tamalpais High School, Redwood High School and Archie Williams High School, as well as other priority projects. As required by law, Measure B prohibits using bond proceeds for teacher and administrator salaries or other operating expenses.

The District estimates the average projected tax rate necessary to fund the bonds will be \$17.60 per \$100,000 of assessed value of property while the bonds are outstanding. This estimate is a projection, and could go up or down, depending on a number of factors including the timing and amount of bond sales, and changes in assessed property values in the District. If all the bonds are sold, the District estimates total debt service (including the principal and interest) will be approximately \$579,200,000. If the bond issuance is authorized, it will commence in fiscal year 2025-26 and the final fiscal year in which it is anticipated that the revenue will be collected is 2052-53.

The Measure requires annual independent financial audits and spending review by an independent citizens' oversight committee.

TAX RATE STATEMENT

MEASURE B

An election will be held within the boundaries of Tamalpais Union High School District (“District”) on November 5, 2024 to authorize the sale of up to \$289 million in bonds to finance facilities as described in the measure. If the bonds are approved, the District expects to sell the bonds in multiple series. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property located within the District. The following information is provided in compliance with Sections 9400 to 9404, inclusive, of the California Elections Code.

1. The best estimate from official sources of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of the election, a projection based on experience within the same jurisdiction and other demonstrable factors, is estimated to be \$17.60 per \$100,000 of assessed valuation. The final fiscal year in which the tax is anticipated to be collected is 2052-53.

2. The best estimate from official sources of the highest tax rate that would be required to be levied to fund this bond issue, and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of filing this statement, a projection based on experience within the same jurisdiction and other demonstrable factors, is estimated to be \$17.60 per \$100,000 of assessed valuation first occurring in fiscal year 2025-26.

3. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$579.2 million.

Voters should note that the estimated tax rate is based on the ASSESSED VALUE of taxable property on the Marin County official tax rolls, not on the property’s market value. Property owners should consult their own property tax bills to determine their property’s assessed value and any applicable tax exemptions. For illustration purposes only, a home with the current approximate median residential assessed value in the District of \$1.1 million (as of 2023-24) would pay approximately \$194 in initial annual property taxes based on the tax rate of \$17.60 per \$100,000 of assessed value. Annual increases in the assessed value of a property (without an ownership change or reassessment) are limited to 2% and other limitations provided by Proposition 13 from 1978.

Attention of all voters is directed to the fact that the foregoing information is based upon the District’s projections and estimates only, which are not binding upon the District. The actual tax rates, debt service and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend

upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Dr. Tara Taupier, Superintendent

In accordance with Education Code Section 15122.5:

Approval of Measure B does not guarantee that the proposed project or projects in the Tamalpais Union High School District that are the subject of bonds under Measure B will be funded beyond the local revenues generated by Measure B. The school district’s proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

ARGUMENT IN FAVOR OF MEASURE B

Vote YES on B: a responsible plan to replace outdated and deteriorating high school classrooms and prevent cuts to instructional programs.

Our local high schools in Tamalpais Union High School District consistently **rank among the best.**

Aging and deteriorating classrooms, labs, and school facilities need urgent upgrades to **keep students safe and support quality instruction.**

Most local high schools are over 60 years old and Tam High is over 100 years old. The last improvement bond passed almost **two decades ago.**

Following the narrow defeat of a bond measure earlier this year, Tamalpais Union High School District leaders **worked with the community** to develop **a scaled-down proposal focused on only the most essential projects. Measure B is the result.**

Measure B is 45% smaller than the last measure and will provide \$289,000,000 in locally controlled funding that is **equitably distributed** to specific projects **at each high school.**

The State does not fund facility improvements so **upgrades to local high schools require local funding.** Without Measure B, **funds would have to be diverted from teaching and classroom instruction** to urgent roof and HVAC repairs for schools to function.

Voting Yes on B funds only urgent and essential improvements:

- Replacing the most outdated and obsolete classrooms, science labs, classroom technology, and equipment
- Repairing leaky roofs and inefficient heating, cooling, electrical, and plumbing systems
- Converting outdated and deteriorating temporary portable classrooms to permanent structures

Mandatory fiscal accountability and local control:

- A **detailed project list** describes specifically how funds would be used
- **Independent oversight, audits, and public spending** disclosures ensure funds are spent as promised
- **Every penny is locally controlled** and cannot be taken by the State
- No funds can be used for administrator salaries

Protecting quality education in local schools is **good for students, good for our community, and good for home values.**

Join trusted local leaders in voting Yes on B.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE B

No rebuttal to argument in favor of Measure B was filed.

ARGUMENT AGAINST MEASURE B

People have reached their limits and ability to pay more taxes, Measure B directs money to aspirational “vanity” projects. There are no senior exemptions and no plans to ensure improved academic performance.

No money goes to reversing weak academic performance. California’s school-dashboard shows TUHSD performing poorly <https://www.caschooldashboard.org/> Instead of a reasonable parcel tax for improved academics, that allows senior exemptions, the Board opts for new construction at Redwood: a \$73,100,000 kitchen remodel, new multipurpose “eating area” and replacing art and music buildings with new, larger ones. These are not “critical” safety needs as the Board claims in order to scare voters.

While identifying only \$80,000,000 in “critical” needs for roofs and HVAC earlier this year, now they redefine everything they want as a critical need. That balloons the bond measure to \$289,000,000 (\$579,200,000 with interest). Much of what they deem “critical” is of their own creation – deferring maintenance while funding ten new senior administrator positions. Students deserve that money directed back to their education.

Measure B offers no exemptions for seniors or low-income families who will be pushed out of Marin by increasing taxes, insurance, and utility bills.

When enrollment is declining and many students are struggling, new fancy buildings shouldn’t be the top priority.

To regain Archie Williams High School area voters, who were shortchanged in failed Measure A, this bond adds a non-critical \$11,300,000 AWHs theater renovation. AWHs voters are still shortchanged at receiving only 14.3% of the bond proceeds.

Who wants all this Tam Union construction? Most of the roughly \$270,000 contributed to political campaigns to pass these 2024 Tam Union bond measures comes from companies who will profit financially.

The board must prioritize fixing Tam Union’s REAL problems: declining academic performance, not “vanity” projects. Voters will approve a smaller bond or parcel tax if there’s demonstrated need.

REBUTTAL TO ARGUMENT AGAINST MEASURE B

The opponents are wrong and are spreading misinformation.

Misinformation: Local high schools are performing poorly.

Truth: Academic performance in our schools is among the best in the State and Nation. The opposition is intentionally misrepresenting TUHSD’s academic performance via the Dashboard. 98% of TUHSD students graduate, 80% meet University of California entrance requirements, and admission rates to elite colleges rival that of private schools.

Misinformation: Measure B funds nonessential “vanity” projects.

Truth: Following the narrow defeat of Measure A, TUHSD listened to the community and reduced the proposal by 44% to focus on the most urgent and essential needs (tuhsdfacilities.org). The opponents’ misleading description of a \$73 million kitchen remodel is in fact a multi-pronged project to replace several of Redwood’s oldest, deteriorating, and obsolete buildings. They must be replaced, not remodeled, as required by state law, and do not expand capacity.

Misinformation: Archie Williams High School gets 14% of the funding.

Truth: Archie Williams High gets 21% of Measure B funding, which is roughly equivalent to its percentage of district enrollment at 25%.

Misinformation: Measure B offers no exemptions.

Truth: State law does not allow exemptions for school facilities bonds and bonds are the only practical way to fund school improvements. However, the cost to taxpayers is based on the assessed value of properties so longtime residents and owners of less expensive homes pay the least.

Vote Yes on B — a modest and sensible plan that will provide essential upgrades to support safety and quality education, while protecting devastating cuts to teachers, staff, and programs.

FULL TEXT OF MEASURE B

LOCAL HIGH SCHOOL HIGH PRIORITY CLASSROOM REPAIR AND UPGRADE MEASURE

By approval of this measure by at least fifty-five percent (55%) of the registered voters voting thereon, the Tamalpais Union High School District (“District”) shall be authorized to issue and sell bonds of up to \$289,000,000 in aggregate principal amount to provide financing for the specific school facilities projects listed below in the Bond Project List, subject to all of the accountability safeguards specified herein.

SECTION I: KEY FINDINGS

- Tamalpais Union High School District (“District”) strives to provide every student with a high quality education in a safe and modern learning environment, so that they graduate with the skills and knowledge needed for success in college and future careers.
- Tam High is over 100 years old, Redwood and Archie Williams are over 60 years old, and the last significant repairs and upgrades were completed almost 20 years ago.
- Working with architects and school construction experts, the District conducted a thorough assessment of every classroom and school facility to identify and prioritize needed repairs and upgrades.
- Outdated and deteriorating classrooms, science labs, career training facilities, and failing school infrastructure directly impact student safety, learning and the quality of education available to local students.
- Many classrooms and school buildings that have been used daily for decades by thousands of high school students are deteriorating, worn out, have leaky roofs, are not accessible for students with disabilities, and have aging and inefficient plumbing, electrical, heating and cooling systems.
- Outdated classrooms, labs and job training facilities were built to meet past educational standards and need upgrades to support current standards for advanced instruction in science, technology, engineering, arts and math.
- Outdated and deteriorating classrooms and school buildings present risks to student safety and campus security, requiring upgrades to remove hazardous materials like asbestos and lead, improve campus security, and meet current fire and earthquake safety standards.
- All students need appropriate sheltered eating areas to ensure safety during inclement weather including rain, wildfire smoke and extreme heat.
- Because the State does not provide sufficient or dedicated funding for school facility improvements, local funding is needed to address urgent repairs and upgrades at local high schools.
- Without local funding from a voter-approved school improvement bond measure, limited funding that currently supports teacher salaries, educational programming and learning materials will have to be diverted to urgent and essential repairs to roofs, heating

and ventilation systems that cannot be delayed.

- Diverting approximately \$80 million in instructional funding to urgent facility repairs would likely require significant reductions to academic programs, student support services, and teaching positions.
- To repair and upgrade outdated and failing classrooms, labs and school facilities, and protect limited funding for teaching and academic programs, the Board of Trustees believes that dedicated funding for facility improvements from a voter-approved bond measure is needed.
- Following the narrow defeat of the Measure A bond proposal on the March 2024 ballot, the District listened to community feedback and developed a reduced bond proposal that eliminates lower priority improvements and focuses on the most urgent and essential identified repairs and improvements.
- In developing a revised and reduced bond proposal, the Board has sought to ensure that funds are allocated consistently across the five District high schools on a per-student basis, while prioritizing the most urgent identified needs at each campus.
- In developing a revised and reduced bond proposal, the Board has sought to ensure that cost of the proposed measure is less than is paid by taxpayers toward school facility improvements in other comparable Marin County and Bay Area school districts.
- In developing a revised and reduced bond proposal, the District has developed a detailed school by school project list with updated cost estimates focused on the most urgent high priority repairs and upgrades.
- The revised bond proposal will address priority improvements, such as:
 - Replacing outdated and obsolete classrooms, science labs, technology, and equipment;
 - Repairing or replacing leaking and deteriorating roofs;
 - Repairing or replacing outdated and inefficient heating, cooling, electrical and plumbing systems;
 - Updating career and job training classrooms to meet current educational standards;
 - Updating art, music and performing arts classrooms; and
 - Replacing outdated, deteriorating and failing temporary portable classrooms.
- Proceeds from a voter-approved school facilities improvement bond measure would be controlled locally for District high schools only and could not be taken away by the State.
- None of the money raised may be used for administrators’ salaries or pensions or other school operating expenses.
- An independent citizens’ oversight committee, mandatory annual audits and public disclosure of all spending will help ensure funds are only spent on voter-approved projects.

SECTION II: ACCOUNTABILITY MEASURES

The provisions in this section are included in this proposition in order that the voters and taxpayers of the District may be assured that their money will be spent to address specific facilities needs of the District, all in compliance with the requirements of Article XIII A, section 1(b)(3) of the State Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified in Section 15264 et seq. of the California Education Code).

Evaluation of Needs. The Board of Trustees has evaluated the facilities needs of the District and has identified projects to finance from a local bond measure at this time. The Board of Trustees has certified that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Independent Citizens' Oversight Committee. The Board of Trustees shall establish an independent Citizens' Oversight Committee in accordance with Education Code sections 15278-15282 and applicable Board policy, to ensure bond proceeds are expended only for the school facilities projects listed in the Bond Project List. The committee shall be established within sixty (60) days of the date when the Board of Trustees enters the results of the election in its official minutes.

Annual Performance Audit. The Board of Trustees shall conduct or cause to be conducted an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects described in the Bond Project List.

Annual Financial Audit. The Board of Trustees shall conduct or cause to be conducted an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent.

Annual Report to Board. Upon approval of this measure and the sale of any bonds approved, the Board of Trustees shall take actions necessary to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Superintendent shall cause a report to be filed with the Board of Trustees no later than January 1 of each year, commencing on the first January 1 after bonds have been issued and proceeds spent, stating (1) the amount of bond proceeds received and expended in the past fiscal year, and (2) the status of any project funded or to be funded from bond proceeds. The report may be incorporated into the annual budget, annual financial report, or other appropriate routine report to the Board.

SECTION III: BOND PROJECT LIST

This Bond Project List, which is an integral part of this proposition, describes the specific projects the District proposes to finance with proceeds of the bonds. All information contained within this "Section III: Bond Project List" comprises the list and description of permissible projects and expenses that may be paid from bond proceeds.

In order to meet all identified facility needs, the District intends to complete projects using a combination of funding sources, including joint use funds or contributions, development impact fees, and state funding (if available).

The District will pursue state matching funds if and when they become available, and if received, they will be used for projects on the Bond Project List or other high priority capital outlay expenditures as permitted by law. Approval of this measure does not guarantee that all projects on this Bond Project List at all listed sites will be funded beyond the local revenues generated by this measure. The District's proposal for the projects assumes the receipt of some state matching funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure. Bond funds may be used to meet any matching share contribution requirements.

Specific projects that may be funded by bond proceeds include projects in Category A and Category B, list below. Category A projects are intended to be completed at the site indicated. Category B projects may be completed at any and all school sites, buildings and facilities where such project is determined necessary or required, including without limitation, adult education facilities, administrative and support buildings, and alternative education program facilities. Whether and how a project is described in Category A does not limit the District's ability to perform a Category B project at any particular site.

Specific projects to be funded by the bond measure include the following:

Category A: Site-Specific Campus Upgrades to Prepare Students for College and Careers and Comply with Safety, Accessibility and Educational Standards

ARCHIE WILLIAMS HIGH SCHOOL

- Renovate and expand Performing Arts Center, including:
 - Renovate / expand existing theater and music and drama classroom building, new lobby with restrooms, new dressing rooms, upgrade performance lighting;

- Demolish and remove Creekside portables and replace with outdoor learning areas;
- Replace baseball and football fields;
- Resurface track;
- Upgrade/modernize athletic fieldhouse;
- Replace storage buildings.

REDWOOD HIGH SCHOOL

- Construct Music, Fine Arts Classroom Buildings and Multi-Purpose Eating Area, including:
 - New music classroom building
 - New arts and ceramics classroom building
 - New multi-purpose sheltered eating area
 - Temporary housing in leased portables
 - Hazardous materials abatement and demolition of existing buildings
 - Replacement of site utilities, including sewer line replacement and relocation of main electrical service and emergency generator
- Replace Ghilotti Field athletic turf;

- Expand/renovate existing kitchen, dining, and food service areas;
- Resurface track;
- Replaster pool.

TAMALPAIS HIGH SCHOOL

- Replace Science, Technology, Engineering, Arts & Math (STEAM) Building, including:
 - New 4-story building containing 14 science, math, engineering and arts classrooms and labs and a replacement music classroom building;

 - Extensive grading and site utilities.
- Replace elevator for disability access and fire escapes;
- Upgrade/modernize kitchen, food service and dining areas;
- Resurface track;
- Replaster pool;
- Replace storage buildings.

Category B: Districtwide Campus Upgrades to Support Student Health, Safety and Security

The following projects are authorized to be completed at each, any or all of the District's schools, sites, buildings and facilities if and where determined necessary:

- Replace deteriorating and leaky roofs;
- Replace heating, ventilation, and air conditioning (HVAC) systems;
- Repair and replace deteriorating student restrooms;
- Replace, upgrade plumbing and irrigation systems, including associated asphalt repairs;
- Upgrade restrooms and path of travel to improve access for students with disabilities and meet current Americans with Disabilities Act requirements;
- Provide solar photovoltaic parking structures and electric vehicle charging stations to offset energy usage, reduce carbon footprint and promote sustainable practices.
- Improve technology infrastructure to increase bandwidth Districtwide and enhance network-based content and curriculum delivery; acquire and/or improve classroom technology, upgrade backbone systems wireless access points, switches, and MDF/IDF data rooms with environmental controls.

Listed projects, repairs, improvements, rehabilitation projects and upgrades will be completed only as needed, and the listing of projects does not imply a particular prioritization among such improvements; however, the Board's top priorities for improvements include the renovation and expansion of the performing arts center at Archie Williams High School; the construction of the music, fine arts classroom buildings and multi-purpose eating area at Redwood High School and the replacement of the STEAM building at Tamalpais High School. Projects may be done in phases, based on Board of Trustees priorities available funding. Decisions regarding the scope, timing, prioritization

or other facets of project implementation will be made solely by the Board of Trustees by subsequent action. Where terms such as "renovate," "upgrade," "replace," and "improve" are used in the Bond Project List, the Board of Trustees has the discretion to determine the best method for accomplishing the project's objective, including the use of new construction. For any listed project involving renovation or modernization of a building or the major portion of a building, the District may proceed with new replacement construction instead (including any necessary demolition), if the District determines that replacement and new construction is more practical than renovation, considering the building's age, condition, expected remaining life, comparative cost and other relevant factors. In addition, where feasible, projects may be completed in partnership with other public or private agencies on a joint use basis using bond proceeds, subject to federal tax rules and regulations.

Each project is assumed to include its share of costs of bond issuance, architectural, engineering, legal and similar planning costs; litigation costs; construction management; bond project consultants; staff development and training expenses associated with learning construction techniques and approaches and new bond-funded equipment and systems; the furnishing and equipping of all projects, including equipment to maintain facilities in a safe and clean condition; and a customary contingency for unforeseen design and construction costs. Payment of the costs of preparation of facilities planning and project implementation studies, feasibility and assessment reviews, master planning, environmental studies, permit and inspection fees, Division of State Architect (DSA) - related requirements, studies and assessments, including ADA and seismic, and temporary housing and relocation costs for dislocated programs or activities caused or necessitated by projects on the Bond Project List are permissible bond expenditures.

The final cost of each project will be determined as plans are finalized and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Necessary site preparation, grading or restoration may occur in connection with acquisition of property, new construction, modernization, renovation or remodeling, or installation or removal of modular classrooms, including ingress and egress, removing, replacing or installing irrigation, utility lines, trees and landscaping, relocating fire access roads and acquiring any necessary easements, leases, licenses or rights of way to the property.

SECTION IV: ADDITIONAL SPECIFICATIONS

No Operating Expenses. Proceeds from the sale of Bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation or replacement of school facilities on the Bond Project List, including the furnishing and equipping of said school facilities, or the acquisition or lease of real property for said school facilities, and not for any other purpose, including teacher or administrator salaries and other school operating expenses in accordance with applicable law.

Single Purpose. All of the purposes enumerated in this proposition shall be united and voted upon as one single

proposition, pursuant to Section 15100 of the California Education Code, and all the enumerated purposes shall constitute the specific single purpose of the bonds and proceeds of the bonds shall be spent only for such purpose.

Other Terms of the Bonds. The bonds may be issued and sold in several series, and in accordance with a financing plan determined by the Board of Trustees pursuant to requirements of law. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum and with a maximum term not exceeding the statutory maximum, provided that the average useful life of bonds sold will not exceed one hundred twenty percent (120%) of the average life of the projects being financed or as otherwise provided by federal tax law. Bond funds may be used to reimburse the District for Bond Project list expenditures incurred prior to the election and bond issuance, in accordance with federal tax law.

Attention of all voters is directed to the fact that the financial information contained in this measure is based upon the District's projections and estimates only, which are not binding upon the District, nor are the summary or average payment estimates, if any, provided in the Ballot Label. The actual tax rates, debt service and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

In preparing this information, the District obtained reasonable and informed projections of assessed property valuations that took into consideration projections of assessed property valuations made by the County Assessor, if any, in accordance with Education Code Section 15100(c).

IMPARTIAL ANALYSIS BY CITY ATTORNEY
CITY OF SAN RAFAEL
MEASURE P

Measure P was placed on the ballot by a petition from the required number of voters, proposing that the City establish a parcel tax to fund the construction of a new main library and community center, and corresponding improvements to existing branch libraries.

Measure P proposes a “special tax” which means that proceeds from the tax must be used exclusively for the purposes authorized by the measure. If Measure P is approved by the voters, tax proceeds will be placed in a special fund subject to annual audit and review by an oversight committee comprised of San Rafael residents. Tax proceeds will be used exclusively for permissible expenditures specified in Measure P which include the planning, constructing, equipping, furnishing, and bond financing costs of: (a) a new main library and community center at Albert Park located near 1st Street and B Street in Downtown San Rafael, with associated parking lots; and, (b) if there is sufficient funding remaining, upgrading or expanding existing facilities at the Pickleweed and Terra Linda branch libraries. Tax proceeds must not be spent on administrator salaries or other operating expenses.

The new library building shall be sized to meet square footage requirements appropriate for the City, which is approximately 0.70 to 0.75 square feet per capita. The design of the new main library and community center must include the preservation or relocation of the Lonatese Gardens at Albert Park. The Measure also requires the City to initiate a public planning process to guide the development of a proposal to preserve and reuse the historic downtown Carnegie Library building.

If approved by the voters, Measure P would impose a tax on owners of each parcel of taxable real property in the City at the rate of: (i) \$0.145 per square foot of improved building area; and (ii) \$75.00 per vacant parcel. The tax would commence on July 1, 2025 and would continue for thirty years or as long as bonds for the planning and construction of the facilities remain outstanding, whichever is longer. The Measure P parcel tax would be collected by the Marin County Tax Collector at the same time and manner as other property taxes, and real property that is exempt from other property taxes would also be exempt from the parcel tax. Additionally,

ARGUMENT IN FAVOR OF MEASURE P

Vote Yes on P for a safe and up-to-date main library and community center in San Rafael. Measure P also preserves the historic Carnegie Library for ongoing community use.

San Rafael's Downtown Main Library was built in 1909 when the population was 6,000. San Rafael's population now exceeds 60,000 and the Main Library is too small and outdated.

With library use rising, the 115-year-old facility is cramped and dilapidated — far too small to serve as a modern library. It does not meet current earthquake, fire, and safety standards. Options for expansion are impractical — a new vision is required.

San Rafael students rely on libraries for quiet and safe spaces to read, study, complete homework, and receive tutoring. Young children benefit from literacy programs and story time. Older adults access computers, technology, and quiet reading spaces.

Community centers provide safe spaces for afterschool, summer learning and recreation programs for children and teens, gathering spaces for the community, and programs that help seniors remain active and independent.

Voting Yes on P builds a modern main library and community center in San Rafael with space for:

- Afterschool homework assistance, tutoring and summer reading programs
- A dedicated children's area for story time and programs
- Art and literacy programs
- Programs for older adults
- Expanded book collections and other media
- Improved access for seniors and residents with disabilities
- Updated technology infrastructure and public computers
- Emergency operations and shelter in case of fires, earthquakes, floods, or emergencies

Measure P requires fiscal accountability and local control:

- Every penny must stay local and no funds can be taken by the State
- No funds can be used for administrator salaries
- Independent oversight and annual audits are required
- Seniors are eligible for an optional exemption

FULL TEXT OF MEASURE P

THE PEOPLE OF THE CITY OF SAN RAFAEL DO ORDAIN AS FOLLOWS:

SECTION 1. Title. This measure shall be known and may be cited as the San Rafael Library and Community Center Revitalization Initiative (the “Initiative”).

SECTION 2. Findings and Purpose.

A. Findings. The people of the City of San Rafael (“City”) find and declare the following:

1. San Rafael’s Downtown Main Library was built over 100 years ago in 1909 when San Rafael’s population was only 6,000. Currently San Rafael’s population exceeds 60,000 residents and the library is far too small and outdated to serve the needs of children, teens, families and older adults in the community.
2. With library use on the rise, the 115-year-old facility is in poor condition with cramped, dilapidated space, poor lighting, and lack of adequate seating, book collections, computer stations, quiet reading areas, and group study or meeting areas. The building does not meet current safety and accessibility standards for libraries built today. Options for expansion are limited and expensive.
3. San Rafael students of all ages and income levels rely on local libraries for a modern, well equipped, quiet and safe space to read, study, complete homework, and receive tutoring. Families with young children rely on literacy and reading programs. Older adults utilize the library for access to computers, technology and quiet reading space.
4. Community centers provide safe spaces for afterschool, summer learning and recreation programs that allow children and teens a safe place to engage in programs intended to spark their imagination and support their educational experience. Community centers also provide recreational and social programs that help older adults remain active and independent.
5. The City of San Rafael commissioned a study in 2021 for the construction of a new Main Library and Community Center on City-owned property at Albert Park, located near 1st Street and B Street in Downtown San Rafael to verify the feasibility of a project at this location and determine a project scope and budget.
6. A new library and community center at this location would be constructed to comply with current building and environmental codes and to support modern technologies essential in today’s libraries. A new library and community center would provide space, furnishings and equipment for community services and amenities such as: afterschool homework assistance; tutoring and summer reading programs for school-age children; a dedicated children’s area for story time and other programs; art and literacy programs for all ages; programs for older adults; expanded book collections and other media; improved access for older adults and residents with disabilities; updated technology infrastructure, WIFI, and public computing; public meetings and community gatherings; and emergency

operations and shelter in case of fires, earthquakes, floods, or other emergencies.

7. This Initiative authorizes and funds, via a special *non-ad valorem* parcel tax on taxable real property within the City, the planning and construction of a modern library and community center at Albert Park to serve the needs of current and future residents. Funds from the Initiative may also be used to upgrade San Rafael’s neighborhood branch libraries to achieve an appropriate amount of total library facility space for a city of San Rafael’s size.
 8. This Initiative includes and requires strict fiscal accountability protections to ensure all funds are used as promised, including: the new revenues must stay in San Rafael to fund the planning and construction of a new library, community center, and upgrades to neighborhood branch libraries; no funds may be taken away by the State or diverted for other purposes; no funds may be used for administrator salaries or benefits; and required public disclosure of all spending, including requirements for an independent oversight committee and annual audits.
 9. To ensure the cost of this Initiative is not a burden to residents on limited fixed incomes, homeowners age 65 and over shall be eligible for an optional exemption.
 10. This Initiative also requires the City of San Rafael to develop a proposal to present to the community for the preservation and reuse of the historic Carnegie Library in Downtown San Rafael after the library vacates the building.
 11. Adoption and implementation of this Initiative will protect and serve the public health, safety, and welfare, and the quality of life for the people of the City of San Rafael.
- B. **Purpose.** The people of the City of San Rafael declare that our purpose and intent in enacting this Initiative is to authorize and adopt a special *non-ad valorem* parcel tax of fourteen and one-half cents (\$0.145) per square foot of improved building area per year and seventy-five dollars (\$75.00) per vacant parcel per year on taxable real property within the City, the proceeds of which shall be specifically limited and shall be used solely as set forth in this Initiative, to fund the planning and construction of a modern library and community center at Albert Park to serve the needs of current and future residents, as well as the costs to upgrade San Rafael’s neighborhood branch libraries to achieve an appropriate amount of total library facility space for a city of San Rafael’s size.

SECTION 3. Amendments to City of San Rafael Municipal Code.

The City of San Rafael Municipal Code is hereby amended to add a new Chapter (Parcel Tax for Planning and Construction of a New Albert Park Main Library and Community Center), to read as follows:

Chapter ___ – PARCEL TAX FOR PLANNING AND CONSTRUCTION OF A NEW ALBERT PARK MAIN LIBRARY AND COMMUNITY CENTER

Section __ - Title.

This Chapter shall be known and may be cited as “Parcel Tax for Planning and Construction of a New Albert Park Main Library and Community Center.”

Section __ - Imposition.

- A. A special *non-ad valorem* parcel tax (hereinafter the “Parcel Tax”) is hereby established and shall be levied annually on the owner of each parcel of taxable real property located within the City of San Rafael (the “City”), unless the owner is by law exempt from taxation, in which case, the Parcel Tax shall be assessed to the holder of the possessory interest in such parcel, unless such holder is also by law exempt from taxation. The Parcel Tax is an excise tax on the use of property within the City.
- B. The Parcel Tax shall hereby be established and levied each year, commencing July 1st after the Effective Date, on each parcel of taxable real property, improved or unimproved, within the boundaries of the City at the rate of fourteen and one-half cents (\$0.145) per square foot of improved building area and seventy-five dollars (\$75.00) per vacant parcel.
- C. The collection of the Parcel Tax shall commence on July 1st after the Effective Date and continue for thirty (30) years thereafter or so long as bonds for the planning and construction of a new library and community center remain outstanding requiring debt service payments, whichever is longer.
- D. The Parcel Tax shall be collected by the Marin County Tax Collector (the “Tax Collector”) at the same time and in the same manner and shall be subject to the same penalties as *ad valorem* property taxes collected by the Tax Collector. The collection of the Parcel Tax hereunder shall not decrease the funds available from other sources of the City in any period from the Effective Date hereof.
- E. For the purposes of this Chapter, a “parcel of taxable real property” shall be defined as any unit of real property located in the City which receives a separate tax bill for *ad valorem* property taxes from the Tax Collector. “Building” is defined as any structure having a roof supported by columns or walls and designed for the shelter or housing of any person or property of any kind. The word “building” includes the word “structure” and encompasses, without limitation, all residential, commercial and industrial structures. “Improved parcel” is defined as a parcel on which there exists any building. “Vacant parcel” is defined as a parcel on which no building exists.
- F. The City shall be authorized to incur bonded indebtedness for eligible capital costs related to the planning and construction of a new library and community center as well as upgrades to San Rafael’s branch libraries, utilizing the proceeds from the Parcel Tax to make principal and interest payments to service such debt.
- G. All property that the Tax Collector has determined to be otherwise exempt from property taxes, or on which

no *ad valorem* property taxes have been levied, in any year shall also be exempt from the Parcel Tax in such year. The Tax Collector’s determination of exemption or relief for any reason of any parcel from taxation, other than the Senior Citizen Exemption (defined below), shall be final on the taxpayer for purposes of this Chapter. Taxpayers desiring to challenge the Tax Collector’s determination should do so under the procedures established by the Tax Collector’s Office, applicable provisions of the California Revenue and Taxation Code or other applicable law. Taxpayers seeking any refund of taxes paid pursuant to this Chapter shall follow the procedures applicable to tax refunds pursuant to the California Revenue and Taxation Code and any other generally applicable law.

- H. An optional exemption (heretofore the “Senior Citizen Exemption”) from the Parcel Tax will be made available annually to each individual in the City who attains 65 years of age prior to July 1 of the tax year, and who owns a beneficial interest in the parcel, and who uses that parcel as his or her principal place of residence, and who applies for such exemption to the City on or before June 1st of each tax year, or during the first year of the tax at a date to be determined by the Tax Collector. Any application for such exemption must be submitted to the Tax Collector, pursuant to any rules and regulations of the Tax Collector.

Section __ - Levy, Collection, Purpose.

- A. The proceeds of the Parcel Tax shall be deposited into a special fund, maintained by the City, which proceeds, together with any interest and any penalties thereon, collected each fiscal year shall be used solely for the purposes set forth in this Section. The proceeds from the Parcel Tax shall be expended only for these purposes.
- B. The proceeds collected by the levy of the Parcel Tax shall be used as follows:
 - 1. The City shall be authorized to fund the planning, construction, equipping and furnishing of a new main library and community center, with associated parking lots, on City-owned property at Albert Park, located near 1st Street and B Street in Downtown San Rafael (the “Albert Park Main Library and Community Center”), and issue and sell bonds to provide financing for the specific capital projects listed below, subject to all of the accountability safeguards specified herein (hereinafter referred to as “Project” or “Projects”).
 - 2. The Albert Park Main Library and Community Center Project shall be sized to meet total citywide library square footage requirements appropriate for a city the size of San Rafael (~0.70 - 0.75 square feet per capita) not including associated parking, outdoor spaces, and landscaping. The majority of the building square footage needed to achieve the total required citywide square footage of library space shall be provided by the Albert Park Main Library and Community Center

Project, but this Initiative shall not preclude adding additional library square footage to the branch libraries as part of the effort to achieve the aforementioned total citywide library square footage requirements of ~0.70 - 0.75 SF per capita. The community center Project component at Albert Park should be sized, at minimum, to meet the current community center uses in that location at the time the Project is planned for construction.

3. All designs and planning for the Albert Park Main Library and Community Center shall include the preservation or relocation of the existing Lonatese Gardens at Albert Park.
4. Provided that sufficient funding is available from the proceeds of the Parcel Tax to fund the planning and construction of a new Albert Park Main Library and Community Center, additional funding from the Parcel Tax may also be used to fund upgrades, renovations, remodeling, technology improvements, and furnishing/equipment improvements at Pickleweed Branch Library and Terra Linda Branch Library.
5. Each Project described herein is assumed to include its share of costs of bond issuance, architectural, engineering, legal and similar planning costs; litigation costs; construction management; Project bond consultants; staff development and training expenses associated with learning construction techniques and approaches and new equipment and systems; the furnishing and equipping of all Projects, including equipment to maintain facilities in a safe and clean condition; and a customary contingency for unforeseen design and construction costs. Payment of the costs of preparation of facilities planning and Project implementation studies, feasibility and assessment reviews, master planning, environmental studies, permit and inspection fees, studies and assessments, including ADA and seismic, and temporary housing and relocation costs for dislocated programs or activities caused or necessitated by Projects are permissible expenditures.
6. The final cost of each Project will be determined as plans are finalized and Projects are completed. Based on the final costs of each Project, certain of the Projects described above may be delayed or may not be completed. Necessary site preparation, grading or restoration may occur in connection with new construction, including ingress and egress, removing, replacing or installing irrigation, utility lines, trees and landscaping, relocating fire access roads and acquiring any necessary easements, leases, licenses or rights of way to the property.
7. Proceeds from the Parcel Tax shall be used only for the planning, construction, equipping and furnishing of the facilities and grounds

identified in this section, and not for any other purpose, including administrator salaries and other operating expenses, in accordance with applicable law.

8. Where feasible, Projects may be completed in partnership with other public or private agencies on a joint use basis using Parcel Tax proceeds or related bonded indebtedness, subject to federal tax rules and regulations.

- C. The purposes set forth in this Section shall constitute the specific purposes of this Chapter, which are specific and legally binding limitations on how the proceeds of the Parcel Tax may be spent. The proceeds of the Parcel Tax shall be used only for such purposes and shall not fund any purpose other than those set forth herein.

Section __ - City Annual Report.

The City shall prepare a report on at least an annual basis which shows the amount of funds collected and expended, and the status of any Project required or authorized to be funded, by the Parcel Tax. The City shall file each report with the Mayor, City Council and the oversight committee referenced in this Chapter.

Section __ - Parcel Tax Funds Shall Not Replace Existing Funding.

- A. The People of the City of San Rafael find and declare that, absent the Parcel Tax funds, the City would require more resources than are currently provided to plan, construct, equip and furnish a new library and community center. In adopting this Parcel Tax, the People of the City are providing new, additional City resources to complement, but not to replace or supplant, any or all pre-existing City, State, Federal or other funding for the planning, construction, equipping and furnishing of a new library.
- B. Consistent with subsection (A), the People of the City of San Rafael specifically find and declare that their contributions to and disbursements from the special Parcel Tax fund authorized by this Chapter are discretionary expenditures by the City for the direct benefit of the residents of the City. In the event that the State attempts, directly or indirectly, to redistribute these expenditures to other jurisdictions or to offset or reduce State or Federal funding to the City because of the contributions to and disbursements from the special Parcel Tax fund authorized by this Chapter, the City shall transfer said monies that would otherwise be distributed each year from the special Parcel Tax fund to such other fund as the City Council may designate, to be spent for purposes which are substantially equivalent to the purposes set forth in this Chapter.

Section __ - Increase in Appropriations Limit.

To the extent that the revenue from the Parcel Tax is in excess of the spending limit for the City, as provided for in applicable provisions of the California Constitution and State law, the approval of the Parcel Tax by the voters shall constitute approval to increase the City's spending limit in an amount equal to the revenue derived from the Parcel Tax for

the maximum period of time as allowed by law.

Section __ - Fiscal Accountability Protections and Oversight.

Starting with the first operative year of this Chapter, the City shall establish an oversight committee comprised of San Rafael residents to submit a report on at least an annual basis to the Mayor and City Council evaluating whether the proceeds from the Parcel Tax are being properly expended for the purposes set forth in this Chapter. Proceeds from the Parcel Tax shall be subject to the City's generally applicable independent annual audit procedures and requirements.

Section __ - Preservation of Historic Carnegie Library.

The People of the City of San Rafael specifically find and declare that the historic Carnegie Library building constructed in 1909 in Downtown San Rafael is an essential element of the City's history, architecture and character and shall be preserved for future use. Within two (2) years of the Effective Date of this Measure, the San Rafael City Council shall initiate a public planning process related to the preservation of the historic San Rafael Carnegie Library building for ongoing civic, community or community-serving commercial uses. The planning process shall guide the development of a proposal, to be presented to the community, for the preservation and reuse of the historic Carnegie Library in Downtown San Rafael after the library vacates the building.

SECTION 4. Effective Date and Implementation.

- A. This Initiative shall be effective upon the earliest date legally possible after the elections official certifies the vote on the Initiative by the voters of the City of San Rafael pursuant to the California Elections Code (the "Effective Date").
- B. Upon the Effective Date of this Initiative, the City is directed to promptly take all appropriate actions needed to implement this Initiative, including but not limited to taking any administrative steps necessary to administer and collect the Parcel Tax authorized herein or to update any City codes or any other documents maintained by the City so they conform to the legislative policies set forth in this Initiative.
- C. The City may reorganize, renumber, and/or reformat the Municipal Code provisions included in Section 3 of this Initiative, provided that the full text is inserted into the Code without alteration.

SECTION 5. Interpretation and Severability.

- A. This Initiative must be broadly construed to achieve the purpose stated above. It is the intent of the voters that the provisions of this Initiative be interpreted or implemented by the City and others in a manner that facilitates the purpose set forth in this Initiative.
- B. This Initiative and the special tax authorized herein are adopted pursuant to the provisions and authority contained California Constitution, including Article II, § 11. The People of the City declare their intent that this citizen Initiative, if approved by a simple majority of voters pursuant to controlling California case law, shall be enacted, and the parcel tax be collected, for the entire uninterrupted period described herein. To

the extent that the California Constitution or other applicable state law is amended, either at the same election or any time after this Initiative is adopted by San Rafael's voters, to create additional or different voting requirements necessary to implement or to continue to implement this Initiative, the People of the City of San Rafael declare their intent that any such amendments should, to the greatest extent allowed by law, be applied prospectively only and not apply to, or in any way affect, this Initiative.

- C. This Initiative must be interpreted so as to be consistent with all federal and state laws, rules, and regulations. If any section, sub-section, sentence, clause, phrase, part, or portion of this Initiative is held to be invalid or unconstitutional by a final judgment of a court of competent jurisdiction, such decision does not affect the validity of the remaining portions of this Initiative. The voters declare that this Initiative, and each section, sub-section, sentence, clause, phrase, part, or portion thereof, would have been adopted or passed irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases, part, or portion is found to be invalid. If any provision of this Initiative is held invalid as applied to any person or circumstance, such invalidity does not affect any application of this Initiative that can be given effect without the invalid application.
- D. If any portion of this Initiative is held by a court of competent jurisdiction to be invalid, we the People of the City of San Rafael indicate our strong desire that: (i) the City Council use its best efforts to sustain and re-enact that portion, and (ii) the City Council implement this Initiative by taking all steps possible to cure any inadequacies or deficiencies identified by the court in a manner consistent with the express and implied intent of this Initiative, including adopting or reenacting any such portion in a manner consistent with this Initiative.

SECTION 6. Municipal Affairs. The People of the City hereby declare that providing funding for the planning, construction, equipping and furnishing of a library and community center through a parcel tax for the purposes set forth in this Initiative constitutes a municipal affair. The People of the City hereby further declare their desire for this Initiative to coexist with any similar tax measures adopted at the city, county, or state levels.

SECTION 7. Conflicting Measures. To ensure that the intent of the voters is not frustrated, this Initiative is presented to the voters as an alternative to, and with the express intent that it will compete with or take precedence over, any and all voter initiatives or City-sponsored measures placed on the same ballot as this Initiative and which, if approved, would adopt a special tax to authorize and/or fund the planning and construction of a library and community center at Albert Park which would frustrate the purpose and intent of this Initiative (each, a "Conflicting Measure"). In the event that this Initiative and one or more Conflicting Measures are adopted by the voters at the same election, then it is the voters' intent that only the measure which receives the greatest number of affirmative votes shall control in its entirety and said other

measure or measures shall be rendered void and without any legal effect with respect to such matters. If this Initiative is prevented from going into effect by a Conflicting Measure approved by the voters at the same election, and such Conflicting Measure is later held invalid, this Initiative shall be self-executing and given full force of law. Notwithstanding the foregoing provisions of this Section, in the event that both this Initiative and another measure(s) are adopted by the voters at the same election, but the two measures can be harmonized in a manner that permits this Initiative to be implemented upon its adoption without imposing any inconsistent requirement(s), then it is the voters' intent that both the other measure and this Initiative shall be given full force and effect regardless of which measure receives the greatest number of affirmative votes.

SECTION 8. Amendment. This Initiative may be amended or repealed only by the voters of the City of San Rafael voting in an election held in accordance with state law.
